PRESIDENT MOVES TO QUIET PROTESTS OVER SHOOTINGS IN DRY ENFORCEMENT

Quakes Spread Destruction In Two Countries

Fear Loss of Life in Japan
Volcano Eruptions, New
Zealand Temblors

AKODATE, Japan, June 17.—
(UP)—Komagatake volcano, 25
miles north of this city, broke
into violent eruption today. Earth-
quakes followed the eruption.
The villages of Honbetsu and To-
mesawa were partly destroyed.
Some visitors to the hot springs
resorts at the base of the mountain
were missing.

The village of Shikabe, near the
base of the mountain, was evacu-
ated.
The town of Sunshara was re-
ported in flames.
Most of the Waterishima penin-
sula was enveloped in smoke from
the volcano, which drifted south to
the sea, enveloping Hakodate.

Railway service was suspended
and wires were down. The Onuma
power station was closed for fear
of disaster from the breaking of the
high tension lines. With the cutting
off the power, tramway service in
this city was suspended and all
factories closed.

Refugees crowded the railway
stations at Mori and Onuma, near
the scene of the eruption. Some
were evacuated in special trains be-
fore service was halted.

ONE KNOWN DEAD IN
NEW ZEALAND QUAKES
WELLINGTON, N. Z., June 17.—
(UP)—A violent earthquake was
felt on South Island today. Buildings
in Nelson on the north shore and
in Westport 80 miles from there,
were considerably damaged. One
death was caused by a rockslide.
Other persons were reported seri-
ously injured.

BUILDINGS COLLAPSE
ON SOUTH ISLAND
AUCKLAND, New Zealand, June
17.—(UP)—The worst earthquake
of New Zealand since 1901 was felt
on South Island last night.
Several deaths were feared, al-
though none had been reported here
today.

Wireless was the only means of
communication with the affected
area since both telegraph and tele-
phone lines were down.
Several buildings collapsed on the
northern half of the island, which
was most affected, and the spire of
the cathedral at Christchurch was
damaged.
The third shock was felt through-
out the island.

ASSERTED KILLER
FOUND AT STANTON

Lee Wirt, asserted bootleg-
ger, charged with the murder
of his wife, Frances Wirt,
during an argument over money
to be obtained by pawning a
ring, was captured at Stanton
today by detective lieuten-
ants of the Los Angeles
police department.

Wirt was staying with a
friend, Cruz Tirres, who
found.

The man was said to have
confessed immediately, say-
ing "I couldn't help it. She
was untrue to me."

Mrs. Wirt died on the oper-
ating table of a receiving
hospital in Los Angeles from
wounds inflicted by a shot-
gun in the hands of her hus-
band Saturday.

Wirt had attempted to escape
capture by committing suicide,
it was revealed. He purchased
a bottle of rat poison before
leaving Los Angeles in a truck
stolen from F. F. Foncea, of
Oxnard.

FINAL BRIEFS FILED
LOS ANGELES, June 17.—(UP)—
Attorney S. S. Hahn announced
that final briefs will be filed to-
day in the appeal of Leo Kelley,
Butcher boy, sentenced to die on
the gallows following his convic-
tion of the murder of Mrs. Myrtle
Mellus, society leader. The Super-
ior court will hand down a deci-
sion in the case within 30 days.

24 RESCUED FROM HULK OF STEAMER BATTERED APART IN COLUMBIA RIVER

Mrs. Hoover Is Scored In Negro Incident

WASHINGTON, June 17.—
Entertainment of Mrs. Oscar
de Priest, wife of the Negro
congressman from Illinois, at
the White House last week
was condemned in a resolu-
tion introduced in the senate
today by Senator Blease,
Democrat, South Carolina.

Motions to expunge the
resolution from the record
were sponsored by Senators
Edge and Bingham. Blease
finally consented to having it
withdrawn from the record,
declaring he had accomplished
his purpose by having it read.

REV. SCHROCK BACKS MOVE TO BAN WINE TONIC

Commends Y. Board for Its
Action Seeking Passage
Of City Ordinance

STRONG commendation was giv-
en to the resolution recently
passed by the board of direc-
tors of the Santa Ana Y. M. C. A.
relative to the sale of wine tonics
and canned heat, the Rev. Perry
Frederick Schrock in his sermon
last night, in the First Congrega-
tional church.

"The topic of the sermon was
"Something Better Than Re-crea-
tion" and was suggested by a pic-
ture shown in the service, "The Re-
creation of Brian Kent."

"The Re-creation of a wrecked
life is a fine thing," said the Rev.
Mr. Schrock. "There is joy both
in heaven and on earth over the
restoration of one fallen soul. The
joy may be greater than that
caused by 99 just and righteous
persons. But that does not mean
that the one salvaged life is of
more worth than the 99 who never
needed to be salvaged. The great
work of the church and other re-
ligious organizations is to prevent
wrecks—not to salvage them. But
right formation is very much bet-
ter than reformation."

"It is in line with this purpose
that the directors of our Y. M. C. A.
last week passed a resolution
requesting our city council to pass
an ordinance prohibiting the sale
of wine tonics and canned heat—
two sources of supply for bootleg-
ging. Our Y is interested in the
boy life of our city and this is one
of the ways it has taken for the
prevention of wrecks."

"There are nearly 1000 boys in
the boys' department of the Y. To
help those boys develop in such a
way that they never will need to
be re-created is the purpose of
the institution. And it is the purpose
of every church in our city. Ev-
ery man and woman who is inter-
ested in boy life and interested in
law enforcement ought to support
this request of our Y. M. C. A.
directors."

Heroic Guardsmen Attempt To Save Eight Believed Still on Wreck

BULLETIN
NORTH HEAD, Wash., June
17.—(UP)—All members of the
crew of the wrecked steamer
Laurel had been removed short-
ly before noon today except
Capt. Louis Johnson, who re-
fused to leave the derelict.
Johnson refused to leave the
ship despite the pleadings of
the crew and the rescuers.

ASTORIA, Ore., June 17.—(UP)—
One man was killed, 24 were
rescued and eight were thought
still aboard the after part of the
steamer Laurel of the Quaker line
today as the Coast Guard cutter
Redwing and the power life boat
from the Willapa harbor Coast
Guard station prepared to attempt
to rescue those still aboard.

Eighteen of the men were brought
here this morning by the Redwing.
Six were at the Port Canby life-
saving station on the Washington
shore.

The man who was drowned was
Russell Smith, 19, of 20 Holton
street, Dorchester, Mass.
Four of those brought here were
taken to the Astoria hospital and
one of those, Norman Dabous, San
Pedro, the chief cook, was perhaps
fatally injured when he was crush-
ed between timbers.

The other injured men were Bern-
ard Peterson, 449 Harrison street,
Portland, a messboy, whose hands
were burned as he slid down the
rope to the lifeboat; Lealand Mer-
ries, second cook, injured leg, and
Solomon Broder, Philadelphia, in-
jured legs.

Captain Still Aboard
Those remaining aboard the after
part of the craft included Captain
Louis Johnson, Arthur Wilson, E. O.
Johnson, the steward, J. W. Callow,
second engineer, and four seamen.
A harrowing tale of the sea was
told by the survivors who arrived
here in the gray stormy dawn.

The disaster was caused by the
breaking of the steering gear of the
Laurel as she was crossing the Co-
lumbia river bar in a heavy wind
which caused a cross-sea. The
steering gear snapped. For the
next two hours the vessel wallowed
in the trough of the sea, her bot-

DECLARE SINCLAIR
TO LIVE IN MEXICO

EL PASO, Tex., June 17.—(UP)—
Harry Sinclair, oil magnate, now
serving a jail sentence for con-
tempt, has written authorities in
Mexico City that he intends to re-
side in Mexico after he has served
his jail term, said a Mexico City
dispatch printed in El Siglo De
Torreón, received here today.

.08 Inch Of Rain Falls In Santa Ana

According to records of
Hill and Son, .08 of an inch
of rain fell here Saturday
night and Sunday, bringing
the season's total to 9.74
inches, as compared with
13.84 inches on this date last
year.

The bean crop growing is
about the only crop locally
that will benefit from the
unexpected rain. It was
beneficial to citrus fruits.
Investigation of rain re-
cords maintained by Hill and
Son reveal that .33 of an
inch fell in June, 1913; .14
in June, 1916; .03 in June,
1926, and .01 in June, 1927.

HOUSE PASSES FARM BOARD'S APPROPRIATION

Senate Opens Tariff Fight
As Debenture Offered
As Amendment

WASHINGTON, June 17.—
(UP)—Without a dissenting
vote, the house today passed
a bill appropriating \$151,500,000 for
the new federal farm board.

Only two short speeches were
made against the bill, which was
introduced by Chairman Wood,
of the house of appropriation com-
mittee. Representative Hastings,
Democrat, Oklahoma, said \$150,000,
000 for a revolving fund and \$1,
900,000 for administrative expenses
were inadequate, contending con-
gress should appropriate the entire

Rancher Charged
With Murder Of
Fresno Man, 72

FRESNO, June 17.—J. Jensen, 37,
a rancher of Easton, nine miles
from here, was charged with mur-
der today after the shooting Sun-
day of Hans C. Hansen, 72.

Officers attributed the killing to
a desire for revenge because Mar-
garet Hansen, the 25-year-old
daughter of the aged rancher, re-
fused to consider Jensen's atten-
tions.

Message Calls Virkula Case Before Hoover

Discusses Possible Courses
Of Action With Justice,
Treasury Chiefs

By LAWRENCE SULLIVAN
United States Staff Correspondent
WASHINGTON, June 17.—
(UP)—President Hoover moved
today to quiet the protests
which have arisen during the last
10 days over prohibition enforce-
ment shootings.

Flinding on his desk at the ex-
ecutive offices this morning a tele-
gram from a group of citizens at
International Falls, Minn., asking
for "protection" against over-zeal-
ous border patrol officers, the chief
executive dropped all legislative
and administrative business for a
time to give personal attention to
disposal of the message.

Asked Vigorous Action
The International Falls telegram
was a direct appeal to President
Hoover for vigorous action to place
responsibility for the killing of
Henry Virkula, Big Falls, Minn.,
confectioner, by Border Patrolman
Emmett J. White.

The telegram ended with the
plea: "For God's sake help us!"
Treasury officials declined to
confirm reports that the White
House had asked for a detailed re-
port on the Virkula slaying, but
it was learned that President
Hoover conferred with both treas-
ury and justice department offi-
cials relative to possible courses
of procedure.

While the whole matter of pro-
hibition killings was before the
president, two of the foremost dry
leaders of the nation were White
House callers. They were Sena-
tors Wesley Jones, Representative,
Washington, author of the Jones
"Five-and-Ten" law, and Bishop
James Cannon Jr., of the Metho-
dist Episcopal church, South.

Sought to Avoid Drama
The president enforcement trou-
ble has confronted President Hoov-
er with precisely the situation he
sought to avoid at the outset of
his administration. He declared
emphatically soon after inaugura-
tion that his administration policy
on enforcement would be to avoid
all dramatic or sensational acts
and check at every opportunity
the acts of over-zealous agents.

He declared again in his New
York speech of April 22 that care
should be exercised by all enforce-
ment officers to keep within the
law. The enforcement of law never
justified the breaking of other
laws, the president said on that
occasion.

The International Falls telegram
reached the White House late Sat-
urday afternoon. The president
had left for an automobile ride
with Mrs. Hoover before the mes-
sage reached his desk.

Fright Kills Man Bathing At Newport

Efforts of a companion and
three lifeguards to rescue
Harry G. Thomas, 34, auto
mechanic, of 4677 West Adams
street, Los Angeles, were un-
availing yesterday afternoon
at Newport Beach, when
Thomas, caught in a rip tide,
became frantic when he was
unable to make any progress
toward shore, fought off the
attempts of the others to save
him and died, a victim of his
own attempts at preserva-

tion.
Thomas, in company with
Miss Viola Morgenthau, of
Arcadia, and Mr. and Mrs. Ray
Gillatte, of San Fernando, went
swimming shortly after 3
o'clock. A few minutes after
entering the water the men, it
is stated, noticed they were
being carried out toward the
end of the pier. Nick Samoff
and two other life guards
went to their assistance and
towed them both to shore.

Thomas, however, was life-
less, although he had not
sunk beneath the surface of
the water, and a physician
who was called stated that
death probably resulted from
exertion and fright.

An inquest will be held by
Deputy Coroner Charles Swann-
er at 2 o'clock tomorrow af-
ternoon in the Dixon Funeral
parlors, Huntington Beach.

NEW PASTORAL
APPOINTMENTS
ARE ANNOUNCED

Adoption of Resolutions of
Thanks Also Mark Close
Of Nazarene Meet

TWO RESOLUTIONS of strik-
ing importance were passed
here yesterday at the closing
session of the Southern California
district, Church of the Nazarene,
assembly. Because a measure of
success has been realized through
protests against ill-advised bill-
board advertising, the assembly
resolved to protest against the
pictured girls and use of women's
names in cigarette displays. It also
was the expression of the assem-
bly that it be resolved to endorse
the Kellogg peace pact.

The latter resolution was given
unanimous endorsement because it
read:
"Whereas, war looms before the
world today as one of the serious
problems, and whereas, the sign-
ing of the Kellogg peace pact by

YOUTH DROWNS AS
CANOE OVERTURNS

LOS ANGELES, June 17.—(UP)—
Donald Harbin, 18, was drowned
in Westlake park here last night
after his canoe upset when he
attempted to change seats in mid-
lake with his companion, Marshal
Caulfield.

The fire department rescue squad
recovered his body 12 minutes af-
ter it disappeared. Nearly an
hour was spent in vain effort to
restore life.

SUSPECT IS BEING HELD IN HOSPITAL

Denies Slaying But Admits
He Was With Victim on
Night She Was Murdered

ARRESTED IN MEXICO
Tells Investigators He Was
Held Up, Shot and Kid-
naped at Beach Resort

WITH John McClure, of Long
Beach, under close guard in
the jail cell in the Orange
County hospital, in custody of Sheriff
Sam Jernigan for investigation on
suspicion of murder, and the body
of the victim identified as that of
Mrs. Myrtle Wood, 49, of Long
Beach, the murder mystery, on
which Orange county officers have
been working since the discovery
of the woman's body, Saturday
morning, in the underbrush at
Emerald Bay, near Laguna Beach,
appeared well on its way to solu-
tion today.

An inquest over the body of Mrs.
Wood, was scheduled for Tuesday
morning at 10 o'clock at the Win-
dler parlors.

McClure, who, it is reported left
Long Beach in company with Mrs.
Wood Thursday night, was found
wandering around on the mesa 16
miles east of Tia Juana, with three
bullets in his head, Saturday after-
noon, less than six hours after the
body was found, and, according to
reports from the Orange County
hospital, is in a serious condition.

McClure was taken into custody by
Sheriff Sam Jernigan, Chief Crimi-
nal Deputy F. W. Howard and De-
puty A. L. Steward in San Diego last
night, after he had been held by
Mexican authorities for investiga-
tion.

Says He Was Held Up
McClure told the Mexican offi-
cials, Sheriff Jernigan stated this
morning, that he had been held up
and shot near Laguna Beach Thurs-
day night. The officers to whom he
told the story were not inclined to
believe him, saying that it would
have been impossible for him to
cross the border, wounded as he
was, and local authorities believe
he may have attempted to commit
suicide after he crossed the line.

Body Of Orange
County Man Found
In Car At Yuma

Mystery surrounds the find-
ing of the body of a man be-
lieved to be Lonnie Cobb, of
Buena Park, in a refrigerator
car in Yuma. Blood running
out of the drain pipe of the
car attracted the attention of
officers. Authorities are con-
ducting a rigid investigation.
Physicians who examined
the body expressed the opin-
ion that the man had been
murdered and his body thrown
into the car.

The car, which was from
Anaheim, was iced at Colton,
and Cobb may have been mur-
dered at that place, officers
said.

The sheriff's office here has
not received any word from
Yuma on the case.

GENERAL BRAMWELL BOOTH, 73, IS CLAIMED BY DEATH

LONDON, June 17.—(UP)—
Gen. William Bramwell Booth,
son of the founder of the
Salvation Army and its sec-
ond general, died in his home
at Hadleywood, near London,
last night.

General Booth was 73 years
old last March 8 and had been
in ill health for some time.
He was ousted as commander-
in-chief last winter by the
high council of the Salvation
Army and that action was be-
lieved to have contributed to
his failure to withstand the
illness from which he had suf-
fered for almost a year.

The general became sudden-
ly worse Sunday morning and
his condition grew more grave
until evening, when the end

came. All members of his
immediate family, with the
exception of a daughter, Col.
Mary Booth, were at the bed-
side when the end came. Col.
Booth was in Germany, where
she commands the army's op-
erations.

Funeral arrangements were
completed today, but it was
understood they would be an-
nounced soon after Gen. E.
J. Higgins, General Booth's
successor, visited the family.
Burial probably will be in
Abbey Park cemetery, north-
ern London, where the gener-
al's parents were buried, and
the Salvation Army was ex-
pected to have charge, ac-
cording full army honors.

DENY METHODIST BOARD APPROVED KILLINGS

WASHINGTON, June 17.—(UP)—
Denial of reports that the Metho-
dist board of temperance, prohibi-
tion and public morals had ap-
proved the recent killings by pro-
hibition and customs officers was
made today.

Santa Fe Springs Well Brought In At 10,400 Barrels

SANTA FE SPRINGS, June 17.—
(UP)—Bandini No. 10, of the
O'Donnell zone in Santa Fe Springs
oil field was brought in at an
estimated flow of 10,400 barrels
officials of the Bandini Petroleum
company announced today.

The well, which was put on pro-
duction yesterday, was said to be
flowing 35.4 gravity oil and cut-
ting less than one per cent. Its
flow boosted the approximate to-
tal production of the field to 233,
000 barrels per day.

GENERAL BRAMWELL BOOTH, 73, IS CLAIMED BY DEATH

16 Persons Injured In Accidents Over Week En

SAILOR HURT WHEN MACHINE STRIKES CYCLE

Ten Traffic accidents reported to Orange county authorities over the week end resulted in injuries to 16 persons, two of whom are in hospitals today.

A broken leg was sustained by William Callahan, 20, sailor on the U. S. S. Decatur at San Diego, when the motorcycle on which he was riding behind F. J. Gaborian, 21, sailor on the U. S. S. Moody, was struck by an automobile driven by S. C. Duesbar, 30, 1912 Vespa, Los Angeles, at 5 o'clock last night. Gaborian was slightly hurt when the motorcycle was turned over and thrown from the road.

The accident happened when it is alleged, Duesbar tried to pass another car without sufficient room. The Duesbar car, officers reported, was returning from Tia Juana and the rear fender of the car struck the left leg of Callahan as he tried to squeeze back into the traffic lane on the Coast highway one and one-half miles east of Serra. Callahan is a patient at the San Clemente hospital. Officers Ernest Sawyer and Ben Craig, of the state traffic force, reported that the sailor was more concerned over missing a cruise that his ship was scheduled to start today than he was over his injury. Duesbar was arrested by the officers and held under \$500 bail for appearance before Justice John Landell at Capistrano today.

Dr. Hubert W. Adams, 42, Glendora avenue, Plente, was the most seriously injured person in a wreck on Spadra street between Orange and Fullerton city limits at 9 o'clock last night. Mrs. Adams, who was riding in the car driven by her husband, was apparently uninjured when the Adams car was struck head on by a machine driven by Guy A. Dunham, 34, of Fullerton, who, State Traffic Officer Yoder reported, was attempting to pass. Both cars were wrecked and Dunham was arrested on a charge of driving while under the influence of intoxicants. Dunham and his passenger, Robert Garcia, 20, of Redlands, were slightly hurt. Dr. Adams was taken to the California Lutheran hospital at Los Angeles for treatment of his left arm, hurt.

which was mangled in the accident. F. P. Kiesel and his wife, who live on West Chapman avenue, were taken home suffering with injuries received when their car was struck and overturned at the intersection of West Chapman and Gilbert avenue west of Garden Grove at 12:30 o'clock yesterday afternoon. The other car was driven by Pete Gutierrez, route six, Santa Ana, according to the report filed by Constable Jesse Elliott.

V. Lopez, 25, of El Modena, received cuts about the face and hands and was taken to the Santa Ana Valley hospital in an unconscious condition at 12:45 o'clock this morning, following a collision between two cars on South Main street at Delhi. The car in which he was riding was driven by Juan Devian, of Placentia.

Ina Chamber, 18, 530 South Clementine street, Anaheim, and E. H. Troutman, 21, Kroeger street, Anaheim, were treated for cuts and bruises at the Santa Ana Valley hospital at 11:30 o'clock last night following an accident at the intersection of the Huntington Beach and Talbert roads.

When cars driven by Eddie S. Muroka, 21, Hawaiian, of Vista, and Jim Martinez, Paloma street, Atwood, collided at the intersection of Seventeenth and Grand Saturday evening, the drivers of both vehicles, and T. Ushio, of Vista, passenger in the Muroka car, received minor injuries that were dressed at the Orange county hospital.

Two children were injured in a collision at the intersection of South Broadway and Russell street at 12:40 o'clock Saturday afternoon, when cars driven by Lulu M. Wolcott, 1035 Edgeware road, Los Angeles, and U. A. Detweiler, 1212 South Ross street, came together. Lois Detweiler, 14, and Ben Detweiler, 7, who were riding with their father, received injuries that will keep them confined to their home for some time. The girl was taken to the Anaheim sanitarium following the accident, and was returned to her home yesterday.

Alfred Burtamonte, 1805 1-2 West Second street, escaped with scratches, according to a report filed with city police, when he was struck by a car driven by Joe Ponchetti, of 412 Franklin street, near the intersection of Second and Artesia streets, while he was playing in the street at 5 o'clock Saturday evening.

Cars driven by H. E. Rhinehart, 529 Virginia street, and Tom Nelson, of Stanton, collided on the Long Beach-Alamitos road yesterday afternoon, but no one was hurt.

NEW PASTORAL APPOINTMENTS ARE ANNOUNCED

(Continued from Page 1)

The leading nations of the world commit them for the first time to the renunciation of war as an instrument of national policy in their relations with one another, and whereas, the effectiveness of this new policy for the prevention of war will depend in a large measure upon the volume of popular sentiment which may be created in its favor among the common people of the earth."

Ministers were appointed yesterday to new posts for the ensuing year.

Among the resolutions of thanks and appreciation drawn up by the committee, which consisted of Mrs. Lucy P. Knott, chairman; Mrs. Lily Galloway, secretary; E. Y. Davis, Frank Stevens, Hugh Benner and A. J. Athans, and adopted by the assembly, were the following:

"Whereas we have been greatly blessed and edified during these days of business endeavors we are constrained to offer thanks to God, and as far as possible to each group and individual who has so graciously contributed to the comfort and contentment of this happy assembly.

"Therefore, be it resolved that we tender our thanks to the following business concerns:

"The Santa Ana Tent and Awning company, for the loan of cots; the National Cash Register company, for the use of a cash register; the Tienan Typewriter company, for the use of typewriters.

"Resolved, that the assistance of the business men of Santa Ana has added to the material success of our assembly, for which we are grateful.

Chamber: Thanked "Resolved, that we send a message of appreciation to the Santa Ana Chamber of Commerce for its cordial welcome to the beautiful city, extended us at the opening service of our district assembly.

"And be it further resolved that the warm greeting from the Ministerial association made glad our hearts with its spirit of Christian fellowship.

Whereas, the ladies of the Ebell club have contributed so largely to the entertainment of this assembly, not only in the serving of meals but also in the gracious hospitality with which they have thrown open their beautiful home for our enjoyment.

"Therefore, be it resolved that we express our sincere appreciation of their kindness. We shall not soon forget the beauty of the Ebell clubhouse, its spacious auditorium, attractive dining hall, picturesque courtyard and comfortable lounging rooms.

"Dr. U. E. Harding, our host-pastor, and his efficient committee have placed us greatly in their debt. With unfailing courtesy, thoughtfulness, patience and kindness they have met every problem and with keenest insight prepared for all our needs, and anticipated our many wants. We here record our profoundest gratitude to him and his assistants for their loving services, and we are going to pray for them.

Ministerial Assignments Pastors: assignments of the Southern California district, Church of the Nazarene, were as follows, with the Rev. J. T. Little of Pasadena, as superintendent of the district:

Alhambra, the Rev. Melza Brown; Altadena, the Rev. J. Leslie Freese; Anaheim, the Rev. Cora A. Isham; Belvedere, the Rev. W. L. DeBoard; Brea, the Rev. W. B. Corlett; Burbank, the Rev. W. C. Frazier; Coachella, the Rev. J. H. Evans; Colton, the Rev. Haley Messer; Compton, the Rev. Hardy Powers; Corona, (to be supplied); Cucamonga, the Rev. E. J. Ewell; Cypress, the Rev. F. E. Chapman; Downey, the Rev. Ben Buellke; Escondido, the Rev. B. V. Seals; El Centro, the Rev. J. L. Taylor.

Fullerton, the Rev. W. H. Johnson; Glendale, the Rev. C. W. Griffin; Hawthorne, the Rev. Frank Daniel; Hemet, the Rev. E. E. Toney; and Mrs. C. E. Toney, Hermosa Beach, the Rev. E. P. Baker; Holtville, the Rev. O. L. Wright; La Habra, (to be supplied); Long Beach First, the Rev. L. A. Reed; Long Beach South, the Rev. L. R. Butcher.

Los Angeles: First, the Rev. H. H. Hooker; Boyle Heights, the Rev. I. P. Bowen.

Eagle Rock, the Rev. R. E. Gilmore; Emmanuel, the Rev. P. G. Linawenver; Garbana, the Rev. L. M. Foez; Glass Park, the Rev. R. H. White; Graham, the Rev. T. V. Cox; Grace, the Rev. E. H. Mack; Hollywood, the Rev. J. Proctor; Knott, Mrs. Lucy P. Knott; Mexican, the Rev. Mrs. M. McReynolds; Riverside Drive, the Rev. M. G. Nelson; Midway City, the Rev. J. J. Woodson; Monrovia, the Rev. Joseph Gray; Montrose, the Rev. Roy Whisson; Ontario First, the Rev. F. Arthur Anderson; Ontario Mexican, the Rev. Thomas Sanchez.

Pasadena: First, the Rev. H. E. Macorrey; Breeze Avenue, the Rev. D. I. Vanderpool; East, the Rev. E. M. Hutchens; South, the Rev. J. T. Black; Mexican, the Rev. Charles Miller.

Placentia, the Rev. M. R. Dutton; Pomona, the Rev. C. E. Keys; Redlands, the Rev. S. M. Lehman; Riverside, the Rev. G. S. Hunt; San Bernardino, the Rev. E. Graham.

San Diego: First, the Rev. V. P. Drake; University Avenue, the Rev. E. G. Roberts; Mexican, the Rev. S. D. Athans.

Santa Ana, the Rev. U. E. Harding; San Luis Obispo, the Rev. Olive F. Crane; Santa Monica, the Rev. T. E. Beebe; Upland, the Rev.

THINK M'CLURE MAY HAVE TRIED TO SLAY SELF

(Continued from Page 1)

The car which McClure was driving when he left Long Beach has not been found yet, according to Sheriff Jenigan, and Mexican authorities did not find any weapons on the suspect, he stated. McClure is suffering from three small calibre bullet wounds in his head and may lose the sight of one eye as a result of the wounds.

Mrs. Wood, who lived with a daughter, Mrs. Ina Lowell, at 807 Daisy avenue, Long Beach, was identified as the murder victim Saturday afternoon by H. D. Harvey, 1809 East Sixty-First street, Long Beach, a friend of the murdered woman's family.

Examination of the victim's body revealed that death had been caused by a small calibre bullet, which entered her left temple. The swollen and congested condition of the neck and head of the body, which at first gave rise to the theory that she had been choked to death, had been caused, it was reported by those investigating case, by the fact that the body had been thrown into the underbrush behind the bill board with the head and shoulders lying down hill.

The fact that the two sets of tracks leading from the roadside to a spot near the bill board have been determined to be those of a man and woman is causing deputies working on the case some concern as to whether the murder might not have been committed after the woman reached that spot instead of in the car.

Reports from Long Beach state that the murder victim had been keeping company with McClure, who is a real estate broker, for several months and had told her daughter when she left Thursday night that she was going to break off the friendship. She was last seen by an employee of a hospital on American avenue, Long Beach, at 6 o'clock Thursday night, and when she did not return by Friday morning radio broadcasts were made by a Long Beach station in an attempt to locate the missing woman.

McClure, who will be questioned by officers as soon as his condition permits today, told Mexican officers that he left Mrs. Wood in the car when he was held up and kidnapped near Laguna Beach, Thursday night. McClure was found by a Mexican boy riding across the mesa and turned over to Superintendent Donnelly, of the Emerson Dam company. Donnelly got in touch with Long Beach officers when he found a registration certificate with the Long Beach address on McClure's person. He later was turned over to the Military hospital in Tia Juana.

Deputies left the Orange county hospital shortly after noon today with McClure in their custody for the spot in Laguna where the body of his companion was found. They had spent some time with the wounded man questioning him concerning his movements since Thursday and his story of the holdup in which he asserted he was shot and then kidnapped.

Possibility that the suspect may be the father of J. H. McClure, who was sentenced in superior court here for robbery in January, 1928, was a subject for speculation here today.

J. H. McClure was sentenced for holding up the Garden Grove Citizens' Savings bank on December 6, 1927, when he attempted to rob the bank of \$4500. He failed to make a getaway and was shot in the little finger by Deputy Sheriff Henry Bialdoher. He pleaded not guilty by reason of insanity, was found sane by the jury and was sentenced by Superior Judge James L. Allen for a term which the law prescribes as not less than five years.

The statement of District Attorney Z. B. West Jr., in connection with the case, showed that the boy's father was John Alexander McClure, real estate salesman, of Long Beach. His address at that time was 1205 Eleventh street, Long Beach, according to the statement. His mother was listed as Lillie Black McClure, 1724 Fourth street, Long Beach. The signature of John A. McClure was on two high school report cards of J. H. McClure, introduced by the defense in the case.

Called on the telephone at 2050 Cerritos avenue, Long Beach, Mrs. McClure today refused to talk when an attempt was made to question her regarding the possible connection between the man and the boy sent to San Quentin. It was learned that Mrs. McClure had moved from a former residence in Long Beach about a month ago.

W. L. Brewer; Van Nuys, the Rev. M. V. Gunn; Venice, the Rev. F. A. Smith; Whittier, the Rev. F. L. Stevens; Wilmar, the Rev. M. M. Summers; Wilmington, the Rev. Eldon Graves; Bellflower Mission, the Rev. J. D. Cart.

Good-Bye Itching Skin when invisible Zemo is applied

Soothing, healing and tremendously efficient, invisible Zemo brings quick relief when bites, rash, sunburn, and other summer afflictions cause itching and discomfort. It cools and soothes. It draws out local infection. It smooths away blemishes and clears up the skin. Keep clean, anti-septic Zemo always on hand. Use it freely. It is safe, pleasant, 35c. per oz. and \$1.00.—Adv.

APPROPRIATION FOR FARM BOARD PASSED

(Continued from Page 1)

\$500,000,000 authorized by the farm relief bill. Representative Byrns, Democrat, Tennessee, also favored appropriation of the entire authorized sum.

Although one hour's time was allotted to discuss the bill, less than 15 minutes was used. The greater part of this time was consumed by Chairman Wood, of the house appropriations committee, in explaining that President Hoover thought the sum would be adequate to start the federal farm board off in its work to solve the farm problem.

The president's budget message requesting the appropriation arrived at the house a few minutes after the bill was passed. The message follows:

"I have the honor to transmit herewith for the consideration of congress an estimate of appropriation for the federal farm board for \$151,500,000 to be immediately available, for commencing operations under the provisions of the act entitled 'the agricultural marketing act' approved June 15, 1929.

"This estimated provides \$100,000,000 of the \$500,000,000 authorized to be appropriated by the act as a revolving fund for use in making loans or advances, and the amount of \$150,000,000 authorized for the administrative expenditures of the federal farm board until June 30, 1930."

TARIFF BATTLE UNDER WAY IN SENATE

BY PAUL R. MALLON

(United Press Staff Correspondent)

WASHINGTON, June 17.—(UP)—The general tariff battle opened on all fronts in the senate today when the farm bloc put forward the debarment plan as an amendment to the bill and Senator Borah, the leading Aepublican campaigner of last fall, opened a sharp attack upon the general increases offered in the measure.

The famed language of the debarment provision which was eliminated from the farm relief bill signed Saturday by the president was proposed as a tariff amendment by Senator George W. Norris, Republican, Nebraska. It sought to provide that one-half of the tariff on exportable agricultural produce be offered as a bounty out of the treasury. It would give the proposed federal farm board authority to cut down the debarment if it should lead to over production.

A provision was added to authorize the secretary of treasury to redeem the bounty certificates at 98 per cent of their face value.

The Public Forum

Communications under this heading must be signed by the name of the writer. These communications express the opinions of the writers of them. The opinions may or may not be the opinions of The Register.

Editor, The Register:

We wish to express our appreciation and thanks to your paper for your wonderful co-operation in helping us to put over our Flag day program. We were given all the space asked for, and the Legion and the Elks are sincerely grateful.

We would also wish, through The Register, to thank the American Legion Glee club, Col. Wellington, the Rev. O. Scott McFarland, the Business and Professional Women's club, D. Clanton and his band, the Boy Scouts, and all service clubs and organizations who took part in the exercises.

We appreciate their support.

Very truly yours,

LESTER STEINKOFF, for the Legion.

G. P. CAMPBELL, for the Elks.

24 RESCUED FROM BATTERED STEAMER

(Continued from Page 1)

tom striking ground at least 15 times. Within five minutes after the steering gear broke the deck-load of lumber was lost and the heavy timbers beat against the sides of the boat.

At 2:30 a. m., the ship straddled a sandbar and broke in the middle. A. Wilde, Portland, the mate, and two seamen had just gone forward to cast the anchor, but reached the bridge just before the vessel broke. The entire crew was in the after part when the bow went into the sea.

Two Washed Overboard Smith and Merries were washed overboard when a huge comb swept across the bridge to which they were clinging. Merries was washed back aboard on the second wave but Smith never was seen again.

For the next 15 hours there remained nothing for the crew to do but wait for rescue. Twice during the morning the lifeboat from the Fort Canby station attempted to get near the derelict but could not approach because of the heavy timbers which were being tossed about by the high running waves.

"It is the finest, bravest crew on the seas," said Kenneth McNaught, second mate. "There was no heaving, no crabbing. The men just waited, kidded each other and joked."

Not until near 6 p. m., Sunday, did the lifeboats approach the wreck again. This time there were two boats, the one from Fort Canby and the one from Cape Disappointment. Heavy lines were cast from the Laurel to the two boats, which had to use their full power to pull away from the ship to keep the lines up.

One by one the sailors started sliding down the ropes with life preservers on. They had to go into the sea and fight the waves as they groped their way, hand over hand, to the life boats.

Oil Makes Men Sick A heavy scum of oil on the water made them nearly all sick, and many were struck by timbers which were still dotting the surface of the foaming breakers.

After reaching the boats the men took to the cars and battled the seas and timbers for hours before they were able to get beyond the breakers. They were picked up by the Red Wing at 10:30 p. m., and the Red Wing towed the powerless lifeboat into the harbor here.

A touch of sadness was added to the story of Smith's death when the survivors told of his efforts to reach his mother.

Penniless in Southern California, Smith received a letter from his mother pleading with him to come home. He came aboard the Laurel as a "workaway," not regularly signed on, but merely working for his passage. He went on the ship in San Pedro and was on his way with the vessel to Philadelphia.

Parole Board To Release Actor In Fist Fight Case

SAN QUENTIN, June 17.—(UP)—The final curtain will fall here August 2 on the tangled romance that sent Ray Raymond, musical comedy star to his death, and Paul Kelly and Dorothy Mackaye to prison.

Following closely upon the parole granted Miss Mackaye, who was sentenced to San Quentin for concealing fact surrounding the death of her husband in a fist-fight with young Kelly, the motion picture actor is now to receive his freedom.

NONE INJURED

A car driven by J. S. Dean, 1053 Prospect avenue, Long Beach, was involved in an accident Saturday morning at a Golden West avenue and Anaheim road. No one was injured according to the report filed by Dean.

PRESIDENT TO TAKE ACTION IN DRY SHOOTINGS

(Continued from Page 1)

made here today by Deets Pickett research secretary.

After branding the reports "stuffed and nonsense," Pickett said: "The Methodist board has found the sentiment of the people to be in accord with court decisions acquitting enforcing officers charged with murder."

Commenting on the wide publicity attending the shootings by enforcement agents, which

cried as "outrage propagandist," Pickett said: "The outrage propaganda is particularly hurtful because it tings the people in a frame where they will not believe thing they see in the bottle. It will be made more difficult to secure adequate punishment officer who in the future fact make unwarranted use weapons in the enforcement prohibition law."

DEPUTY CHARGED WITH FIRST DEGREE MURDER

NEWPORT, Ark., June 17.—First degree murder charge filed today against Deputy George Johnson, in connection with the liquor killing of Dillon, 22, El Paso, Tex., Texas Ranger captain.

Deaths

WORD OF COMFORT
For those who are bereaved, the word of comfort is that distance does not divide souls as it does bodies. A truth you lay hold upon and bring him or her you into the more intimate of God that He may what He yearns to give, with all that is best for you.

On praying for your dear in Paradise. This means you come closest to one another in your approach to Him, the joy to bestow the which you ask in faith.

N.—At his home, 127 South Ridge street, Orange, June 17, Charles F. Watson, aged 75. He was the husband of Ada Watson and father of Ruth, Mary, and Marjorie. R. Winston, Henry Watson and Melvin, of Orange; brother of John, of San Diego, and brother of Mrs. M. V. Cuddeback, of Santa Ana. Funeral services will be held Wednesday, June 19, at 2 o'clock, from Smith and Tuthill's, with interment in Fairview cemetery.

BIG INCREASE IN BEAN LAND HERE REVEALED

According to a survey by the California Lima Bean Growers' association, 25,000 acres of Orange county land have been planted to regular limas this season, the acreage being divided 19,083 to irrigated lands and 5917 to unirrigated. No baby limas have been planted in the county, according to the statement of the association.

The report discloses that acreage devoted to limas in the five Southern California counties, Orange, Santa Barbara, Los Angeles, Ventura and San Diego is approximately 15,000 acres more than last year, the total being 94,867 acres, 57,827 to irrigated lands and 37,039 to unirrigated.

In his statement, issued Saturday, R. L. Churchill, manager, says: "These acreage totals (regular limas) compare with about 50,000 acres under irrigation and 30,000 planted upon dry lands last year. Rainfall was below normal this season, and the soil moisture in the non-irrigated lands is not sufficient to produce any worth-while yields, excepting under the most favorable conditions, with plenty of fog and an absence of extremely warm weather throughout the entire growing season."

The plantings of baby limas are well scattered over central as well as Southern California, and are much more difficult to check accurately than the acreage of regular limas which we feel we have checked very accurately. However, from such checking and reports as we have been able to obtain, the plantings of baby limas this season is about as follows:

Los Angeles county, San Fernando valley, 11,800 acres; Riverside county, 950; Ventura county, 650; Santa Barbara county, principally Lompoc district, 6500; Modesto and nearby districts, 5200; Tracy and nearby districts, 4500; scattering acreage various other districts 5500. Total, 35,100. This compares with about 32,000 acres planted last year.

"Rather cool, cloudy weather, which in some cases caused poor germination and in other cases made the worms more effective, has resulted in some replanting which is still going on to some extent. However, generally speaking the stand of plants secured is good. What is needed now is continuously favorable growing weather for the next three months."

YO YO CONTEST SET FOR NEXT SATURDAY

A YO-YO marathon is announced by the Y. M. C. A., to be held on the "Y" playground next Saturday morning, for all boys and girls, and for men and women, too, if any care to enter.

The event is sponsored by Harry Hansen, of the First National bank, and General Secretary R. C. Smedley, of the Y. M. C. A.

Prizes will be offered in various classifications. Contests will be run parallel for boys and girls. The events are to be as follows:

1. For the longest string yo yo successfully manipulated.
2. For the most skillful manipulation of a yo yo.
3. For the most original stunt with a yo yo.
4. For the most unique, home-made yo yo.

The contest, according to Smedley, is open to everyone, regardless of age or sex. Competent judges will witness the events and will award the prizes according to their best judgment.

The contest and all entries will be entirely free of charge, and all people who like to play with yo yos, or to watch other people play with them, will be welcome to participate or to look on.

Next Saturday morning at 9:30 o'clock, on the Y. M. C. A. playground, is the schedule for this first Santa Ana yo yo contest.

Education Board To Canvass Vote On Bonds Tuesday

The Santa Ana board of education will meet at 1 p. m., tomorrow for the purpose of canvassing the vote cast last Tuesday by citizens of Santa Ana, who approved the \$465,000 bond issue proposal by a vote of 3459 to 1194.

Actual work in receiving bids and awarding contracts for construction of new elementary schools and additions to present buildings, will get under way after the bonds have been sold.

Orchestra Plans Discussed Tonight At Y. M. C. A. Meet

Plans concerning the continuance of the Santa Ana Symphony orchestra during the coming season will be discussed at a meeting of prominent business and professional men scheduled for 7:30 p. m., today at the Y. M. C. A. It was announced today by D. C. Clanton, director of the orchestra.

It is anticipated the meeting tonight will result in organization of an association that will sponsor a series of concerts this season.

It was pointed out today that many civic leaders are taking an active interest in the welfare of the orchestra because of the success that has rewarded its efforts and because it has become one of the outstanding musical organizations in this community.

WORK ON NEW SUNDAY SCHOOL TO BEGIN SOON

ORANGE, June 17.—Wrecking of the Sunday school building of the Orange Christian church preparatory to erecting a new structure will start tomorrow morning.

The wrecking is in charge of M. E. White and the work is being done by volunteer labor in the church. The large building to replace the old unit will contain 20 classrooms and six assembly halls, according to the Rev. Franklin H. Minck, pastor. The exterior will be stucco over a wooden frame.

The low bid for the contract was \$12,435 and was submitted by Schmid and Long, of Garden Grove. The plumbing was awarded to J. D. Ditchey, of Orange, on a bid of \$642. The electrical work is under advisement and the successful bidder will be announced later. It is expected that the new building will be completed about September 1.

Local Briefs

The Men's brotherhood of Spurgeon Memorial Methodist church, South, will meet at the church tomorrow at 6:30 p. m., with T. J. Hunter, Clarence Olson and William Sebastian as the committee in charge of the program arrangements.

A branch of the MacCormack chain of malted milk and wrapped sandwich stores will open soon in the Fourth street room of the Spurgeon building formerly occupied by the Miles shoe store. Alterations are now in progress to adapt the room to the purposes of the new tenant.

Junior leaders are scheduled to go to Camp Ro-Ki-Li, Boy Scout camp in San Bernardino mountains, Wednesday to prepare the camp grounds for opening June 25. Pointing out that only 50 boys can be accommodated at camp, George Walker, Scout executive, said that applications are coming in rapidly for the first period. Henry Unmack, field secretary, will be in charge of the camp.

The 20-30 club will meet at 6:30 p. m., today at the Santa Ana cafe. The change in the meeting date has been announced because of a baseball game to be played tomorrow night with the Pomona club. The regular meeting day of the club is Tuesday. About 10 Pomona club members will be at the meeting today, which will be in charge of Harold Breeding and Dick Ewert.

The first incandescent light is pictured on the new Edison two-cent stamps, an allotment of which was received at the Santa Ana post office today. The adhesive will serve as a fitting souvenir of the fiftieth anniversary of the great invention by Thomas A. Edison.

Identification of the body of the young man washed up by the sea at Laguna Beach yesterday was made at a coroner's inquest this morning as Elmer Dubry, 17, of Inglewood, who fell from the cliffs at Three Arches to his death a week ago today.

The inquest, which was under the direction of Deputy Coroner Charles Swanner, was at the Win-bigger Funeral parlor, and positive identification was made by a brother, Frank Dubry, who had attempted to rescue the lad after his fall from the cliffs. The verdict returned by the coroner was death from drowning.

STATE WATER BILL SIGNED BY GOVERNOR YOUNG TODAY

Governor Young today signed assembly bill No. 513, designed to make possible the most complete and constructive program for the development of a state's water resources ever made by any state in the union, according to reports received here today.

The bill provides an appropriation of \$390,000 for further investigation of the water resources and problems of California, carrying out a program started under the supervision of Paul Bailey, flood control engineer for Orange county, and former state engineer.

Senate bill No. 249 just signed, provides a state appropriation of \$15,000 for investigation of flood control problems, stream gauging and rainfall penetration on the Santa Ana river. This sum is to be available upon the appropriation of like amounts by the federal government and the counties of Orange, Riverside and San Bernardino.

Bailey stated today that he would go before the board of supervisors tomorrow and ask that Orange county include its share of the three counties sum in its budget for next year.

Included in the \$390,000 appropriation are funds for carrying out another piece of work launched in 1925 by Bailey while he was state engineer. This money will provide for completion of the 1925 investigation, the work consisting of compiling and printing certain data as yet unpublished. Three bulletins in a series of five remain to be published, according to Bailey.

300 ON VISIT TODAY TO DAM SITE IN CANYON

Three hundred business and residents of Orange county cities were planning today to participate in the "water tour" arranged to familiarize them with conservation and flood control needs of this section, according to Farm Advisor H. E. Wahlberg. The tour was to start at 1:30 p. m. and was arranged by the agricultural committee of the Associated Chambers of Commerce, of which Wahlberg is chairman.

Parties were to meet at Olive and at Placentia, joining at the Yorba bridge. At the site of the proposed dam in the Santa Ana canyon, Paul Bailey, flood control engineer for Orange county, was to explain the proposed water project and to illustrate his talk with maps and charts. Pitts made by geologists in connection with the surveys were to be examined at the site. Bedrock in these pits was to be examined.

At the Jefferson street bridge, where the river bed is said to be higher than the surrounding territory, the party was to stop again. The flood hazard at this point was to be explained by O. E. Hill and L. W. Eaton, citrus growers. At the next stop, the well of the Pilot Water company east of Anaheim, Leroy Lyon, secretary of the concern, was to outline the lowering table of the last few years.

Chester Marlave, geologist for the flood control organization, was to show charts and figures on water table readings for typical wells in Orange county, including city wells at Orange, Santa Ana, Anaheim and Fullerton.

The A. L. Yorker well on Wagner avenue, where drilling is underway to deepen the well in order to provide water for the present season, was to be the final stop. The water level here is said to have gone down 70 feet in the last 10 years. At this stop Assistant Farm Advisor W. M. Cory was to give figures showing the increasing cost of pumping from wells in which the water table is lowering.

Members of city councils, chambers of commerce, service clubs and women's clubs were expected to make the tour today. The trip will be repeated next Saturday at 9:30 a. m. under the auspices of the Orange County Farm bureau, for the benefit of agriculturists in Orange county.

Body Of Victim Of Ocean Found

Identification of the body of the young man washed up by the sea at Laguna Beach yesterday was made at a coroner's inquest this morning as Elmer Dubry, 17, of Inglewood, who fell from the cliffs at Three Arches to his death a week ago today.

The inquest, which was under the direction of Deputy Coroner Charles Swanner, was at the Win-bigger Funeral parlor, and positive identification was made by a brother, Frank Dubry, who had attempted to rescue the lad after his fall from the cliffs. The verdict returned by the coroner was death from drowning.

STUDENTS TO GIVE DETAILS OF VACATIONS

For the purpose of encouraging school children to take notice of interesting facts on their vacation trips, the geography teachers and the board of education are sponsoring a contest for the best account of a vacation trip.

The reports may be in the form of a story, illustrated booklet, diary or any other form. The reports will be handed in to geography teachers of the city next September when school opens and will be judged by a committee of business men. First prize is \$5, second \$3 and third \$1.50. Miss Verna Wells, principal of Roosevelt school formulated the plan.

According to J. A. Cranston, superintendent of schools, it is hoped that parents will help their children and take an active part in the contest. An outline, designed to help the children, was sent out recently and contained such suggestions as equipment, route, number of miles traveled, state or counties visited, products in each, chief cities, historical points, national parks and different collections, such as snapshots, postcards, flowers, minerals, products and souvenirs.

Pointing out that the fee for the camp for the 10 days is \$5, Captain Morton said that he would like to find work for nine boys who have already signed for the period.

"I feel that the boys would rather earn the fee than have the Army pay it," Captain Morton said, in stating that he would appreciate assistance of the general public by giving the boys work between now and July 1. He said the boys were capable of doing many things and that a call to him at the headquarters would place the applicant in touch with one or more of the boys.

"The camp has been organized for the Orange Belt division of the period."

Visitors from America have found a new way of seeing London that is being adopted by Londoners. It is from taxi-cab windows.

Those from overseas have found the taxi drivers, with their wide knowledge of the city, are most efficient guides.

army in the Southland and is equipped with 35 tents with board floors, electric lights and running water," Captain Morton said, and he added that the program consists of athletic and religious training.

THIS NEW-VALENCIA ORANGE DEVELOPMENT-MAKES POSSIBLE

You've SEEN It!

The progress of Orange County is based largely on the development of the citrus industry. Nearly every resident of Orange County has seen land bought at only a few hundred dollars per acre, in just a few short years, sell at thousands of dollars per acre BECAUSE IT HAD BEEN DEVELOPED TO CITRUS.

Right now—here in Orange County—you can share in the development of ideal citrus land. This property lies in a frostless, windless district. The soil is deep and rich, water has been developed in abundance. Yet this ideal citrus land with water developed, irrigation system installed and planted to Valencia oranges represents an investment approximately ONLY \$1000 PER ACRE!

Now, what will this land be worth three or five years from today? You know that Valencia groves so ideally situated, with trees from three to five years of age, is worth \$2500 to \$3000 per acre. In other words, in the space of three to five years this land should increase 150 to 200% in value, AND BE SALEABLE AT THAT PRICE.

You can share in the development of this property. You can share in the profits that are made from it. You have seen these profits made in the past. The opportunity for making them for yourself is now yours. Ask us to tell you all about it. Let us show you the property and give you the facts and figures. There's no obligation. Just call 2595 or come in to our office at once.

—AND MORE—

—per Acre—

\$624

The Orange County citrus crop is estimated at \$30,000,000 this year, from 48,008 bearing acres. Thus each acre should average an estimated \$624. It is such returns that make the development of citrus land pay big profits in which the Orange County Development Company offers you a chance to share.

MOST ACTIVE STUDENTS OF YEAR CHOSEN

Marion Parsons and Jerry Tannenbaum were the busiest students in the Santa Ana high school during their three years of enrollment there, according to a list of activities just compiled by the graduating seniors.

Miss Parsons led the entire school in the numerous activities in which she took part. Her list included the vice presidency of the Girl Reserves, and membership in that organization during her three years in high school. She was also president of the Inter-club council, representative for the Girls' League cabinet, member of the Girls' Athletic association, president of the Girls' Athletic association, and commissioner of the Girls' League cabinet. Miss Parsons belonged to the Spanish club, Athena club, Science seminar, Blue Pencil club, all-star swimming team, and was girls' sports editor for the 1929 Ariel.

Her interest in sports gave her prominence in hockey, basketball, volleyball, life saving, and swimming. As a climax to her work she took part in the senior class play.

Jerry Tannenbaum acted as president of the senior class, commissioner of forensics, president of the Honor society, president of the Forum club, was on the council for the Latin club, vice-president of the Movie club, and president of the Southern California Debating league.

While in high school Tannenbaum took part in the Redlands Declaration contest, the Times Constitutional contest, and in several county oratorical meets. He was active in senior class activities during the past semester.

John Dunlap was third in the school's activity race. Dunlap was editor-in-chief of the Generator, Engineering club publicity chairman, Generator sports editor, vice president Southern California Press association, commissioner of handball, senior class reporter, and member of the French club, HI Y, Movie club, band and orchestra. He was president of the Blue Pencil club, and for the past

Boy Out To See World Is Stopped At San Clemente

SAN CLEMENTE, June 17.—On his way to see the world, Clarence Moth, 15, son of Mr. and Mrs. Clarence Moth, of Manhattan Beach, was stopped on his journey at San Clemente, Saturday, and returned to his parents. Officer Jerry Devine saw the youngster plodding along. He asked him where he was going, was not satisfied with the answer, took him in custody and called Manhattan Beach and was informed that Mrs. Moth was worried over the failure of her son to report home.

Officer Devine's find was a joyous one for Mrs. Moth, for her husband, making soundings for the government off Manhattan Beach, was nearly drowned when his boat overturned Saturday morning.

Complete Book On San Clemente

SAN CLEMENTE, June 17.—After spending more than two months and a half in research and writing, Herbert Westen, young short story writer has completed "The Story of San Clemente." The story is in 12 chapters and contains about 20,000 words.

The first chapter starts with the foundation of the city. Then comes the historical background of the village told in a chapter, "Looking Backward." The Spanish village's past is told in chapters called, "Discovery of San Clemente," "Birth of Christianity at San Clemente," "The First White Settlers." Then comes a chapter on the "Great Boom," telling of early California's real estate boom. At this point comes a chapter "Hanson." Then the reader gets a picture of Hanson under the titles, "Journey's End," "Growth" and "Achievement."

The book winds up with a chapter, "The City" followed by "The Future."

year has acted as high school reporter on The Register.

Clarence Spear, Maybell Ball, Dorothy Bourne, Phyllis O'Conner, John Keeler and Thomas Cone are other graduates who were prominent in school activities. Among the students who will graduate next February or June, Harry Bradley, Norman Paul, Ted Newcomb and Bruce Harding lead the list.

Police News

Art Keller, 21, truck driver, of 136 Redmond avenue, Whittier, was booked at the county jail at 4:50 o'clock this morning by Deputies M. E. Jemison and Harry Carter for investigation on suspicion of robbery. Deputy Jemison stated that Keller was believed to be one of two men who entered a home in Capistrano between 2 and 3 o'clock this morning and attempted to rob the occupants at the point of a gun. The intruders were frightened away, it was reported, when the occupants of the house showed resistance.

Reckless driving was the charge placed against Juan Rameriz, 32, laborer, of Yorba Linda, when he was arrested by Chief Jesse Buckles and Officer Sigmund of Placentia at 12:45 o'clock this morning.

Harry Williams, 28, San Pedro longshoreman, was arrested by Constable Jesse Elliott and Deputy Fred Humiston at 12:10 o'clock this morning on a charge of intoxication.

State Traffic Officer F. G. Yoder arrested Guy R. Dunham, 34, foreman of an orange packing concern, who lives at 826 North Harwood street, Fullerton, at 10:30 o'clock last night on a charge of driving while intoxicated.

Charges of reckless driving, cutting in and failure to use due caution when passing livestock on the highway were placed against S. C. Dueber, 33, laborer, 1912 Vestal avenue, Los Angeles, by State Traffic Officers Ernest Sawyer and Ben Craig, when they booked their prisoner at the county jail at 7:45 o'clock last night.

An intoxication charge was the cause of the arrest last night of D. Malindas by Special Deputy Letson, of Wintersburg.

Undersheriff E. E. French and Deputy Fred Humiston took Salvador Quintana, 23, laborer, and Fermin Chavez, 23, laborer, both of Delhi, into custody on intoxication charges last night at 6:30 o'clock.

Paul McCombie, who was arrested last night on an intoxication charge, obtained his release from jail this morning by posting bail for appearance in city court.

Violation of that section of motor vehicle act forbidding the operation of an automobile while intoxicated or under the influence of narcotic drugs was charged against Mrs. R. V. Shelley, 29, nurse, of 709 Sidney drive, Belvedere Gardens, when she was booked at the county jail at 4 o'clock yesterday afternoon by Officer Barney of La Habra.

SERVICES ARE CONDUCTED BY ERTHOS CLUB

A striking example of what the youth of Santa Ana are accomplishing in their high school clubs was shown last night at the First Methodist Episcopal church when members of the high school Erthos club presented their third annual Sunday evening service.

The service opened with an organ prelude, "Meditation," by Bach, played by J. Pache, followed by a hymn sung by the entire congregation. Herman Goodwin, a member of the club, offered the evening prayer.

The scripture lesson, Matthew 5:1-16, was read by Marion Dunn. A duet, "Brown Bird Singing," was sung by two Erthos members, Melvin Maxwell and Phillip Searls. Fayette Blower, president of the club, delivered an address on the subject "The Erthos Club." According to Blower, the club is a branch of the high school HI Y club, and is composed of young men of the church. The organization bands the young men together and offers a social side to church work.

The subject "Guides for Successful Living" was discussed by members of the club. Wayne Vance talked on "Humility," Melvin Maxwell on "Honesty," and Joe McChesney on "Loyalty and Courage." Halstead McCormack spoke on "Reliability and Purpose."

A violin solo, "Relempion," was offered by Duane Smith. Phillip Searls sang a tenor solo, "Trees." The evening announcements were made by the Rev. James Hughes, assistant pastor of the church.

Members of the club include Melvin Maxwell, Joseph McChesney, Duane Smith, Herman Goodwin, Willie Moore, Marion Dunn, Halstead McCormack, Wayne Vance, Wendell Vance, John Smith, Phillip Searls, Harold Hillers, George Winters and Fayette Blower.

Robina Brentlinger, spent Friday in Hollywood, where they went to visit a former Texas friend of Mrs. Hazard and Miss Brentlinger, whom they had not seen for 13 years.

Mr. and Mrs. Robert Hazard and Mrs. Hazard's sister, Miss

FOUST TO MAKE MATCHES FOR ARENA Santa Ana, Whittier Play In Bowl Tonight

THREE TUSSLES SCHEDULED FOR CITY LEAGUERS

Relative strength of the two principal Southern California night baseball leagues will be tested here tonight when Santa Ana, pacesetter in the Orange County circuit, and Whittier, well up in the American league, clash in the Bowl.

This will be the first time since early May that Whittier's well-balanced aggregation has appeared in Santa Ana. The Poets have always been a power in lunar baseball circles and they think they have the best team in their history this season.

They are in the same association as Riverside, Arlington, Ontario, Pomona, March field, Corona and San Bernardino.

Lloyd Johnson, a veteran but still one of the best pitchers in the game, has a high class assistant this season in "String" McDonald, six feet-four inches of a submariner, who has a fast ball second to none and a slow one that is the slowest in captivity.

Both Johnson and McDonald are expected to toil for the visitors. McDonald hurried last year for Hollywood, a professional team, and trimmed the Stars over a route of 12 innings.

With one of their most important arguments coming up at Anaheim Friday night, the Stars are sure to let Joe Ochoa and Glenn Stockbridge share the slinging chores. Ochoa probably going the first five frames and Stockbridge, who worked at Garden Grove last Friday, finishing up.

Season slugging averages, compiled today, show "Memph' Hill and Darwin Scott still neck and neck for the leadership. Hill collected four safeties at Garden Grove and went ahead of Scott by three points. Orville Schuchardt and "Rosey" Merrill are having another great race for third honors. Bill Cole and "Eeny" Wilcox both made appreciable gains during the week.

Team averages follow:

	AB	R	H	Ave.
Hill	64	15	26	.406
Scott	62	17	25	.403
Schuchardt	5	3	3	.375
Wilcox	61	13	22	.361
Merrill	50	12	18	.360
Cole	47	7	15	.319
Stockbridge	46	12	20	.308
Wilcox	20	5	6	.300
Ochoa	53	11	13	.245
Ochoa	23	6	7	.232
Nelson	25	5	7	.220
Prelbe	42	7	8	.182

THREE CITY LEAGUE TILTS ON WEEK'S SCHEDULE

Three Santa Ana City league games will be played in the Bowl this week, which, with the Santa Ana-Whittier game tonight, will give local fans baseball on Monday, Tuesday, Wednesday and Thursday evenings.

El Corral and the Barr Lumber company tangle tomorrow night. Two undefeated teams, the Kin-slow Kubs and the Tiernan Typewriter Kids, fight it out for undisputed possession of first place Wednesday. Hawley's Sportsmen and the Santa Ana Ice men mix Thursday.

The Santa Ana Stars go to Anaheim Friday as the Sixth and Olive street plant will be dark for the only time during the "business" part of the week.

City league standings follow:

SANTA ANA NIGHT LEAGUE			
Team	W	L	Pct.
Tiernan Typewriter Co.	2	1	.667
Kinslow Machine Shop	2	1	.667
Barr Lumber Company	1	1	.500
El Corral	1	1	.500
Hawley's Sportsmen	0	2	.000
Santa Ana Ice Company	0	2	.000

Stratford Meets Sellers For Cup

BERKELEY, June 17.—Gerald Stratford and Robert Sellers will face each other next Sunday for the men's singles title in the Pacific Coast tennis championships, which drew near a close here yesterday at the Berkeley Tennis club.

Stratford and Sellers eliminated two favorites, the former defeating Cranston Holman, defending champion, in a four-set battle and the latter winning from Keith Gledhill, California state champion, in straight sets.

"And the story goes that George glared back and muttered something about 'not needing a shower as badly as you do, judging by the dirty deal you're giving us.'"

"Whereupon McGowan's ruffled dignity demanded that both leave the premises. McGowan wasn't suspended and is now running the team for Bucky, whose three days expire with the Tigers' last game here."

Coach Loses Dog On Eve Of Vacation

On the eve of his vacation trip, Bill Cook, Santa Ana junior college football coach, lost his dog, a brown and white pointer, and to say that whoever made away with the little pet got Cook's "ghost" would be putting it mildly.

The coach offered a reward for the return of the animal to his home in Laguna Beach.

Accompanied by several friends, Coach Cook left last night for a two weeks' fishing trip in Inyo and Mono counties.

SALO FINISHES FIRST IN PYLE 'BUNION DERBY'

LOS ANGELES, June 17.—John Salo, who earns his living walking a policeman's beat back in Passaic, N. J., has come into a \$25,000 fortune through his victory in C. C. Pyle's transcontinental footrace which was completed here last night.

Salo covered the 3900 miles from New York in 525 hours, 57 minutes and 20 seconds.

Peter Gavuzzi, of England, who took second prize of \$10,000, crossed the finish line in 526:00:07.

Salo was 10 minutes and four seconds behind the bearded Gavuzzi when the runners set out from Huntington Park last night. He gained three minutes on Gavuzzi in the half-hour to Wrigley field, then, after 35 of the 121 laps in the field were run, they were on even terms. After 12 miles, Salo was 4 minutes and 12 seconds ahead. He kept his lead to the finish.

Salo gave the major credit for his victory to his wife, Amelia, who acted as his trainer. "It wasn't my legs that won for me," Salo said. "It was the beefsteak, eggs and potatoes that my wife fed me."

Some 9000 persons were on hand to cheer the 19 bunioneers as they entered Wrigley field to the finish. Harry Abramowitz of New York was the first one through the gates although he failed to win the lap from Huntington Park.

Gavuzzi drew a prolonged applause when he turned into the field. He still had a chance to win at that time although he wilted later under the fast pace set by Salo.

Elapsed time of other leaders and the money they won follow:

Guisto Umek, Italy, 538:46:52, \$6500; Sam Richman, New York, 571:29:29, \$3500; Paul Simpson, Burlington, N. C., 586:30:42, \$3,000; Philip Granville, Hamilton, Ont., 618:54:23, \$2500; H. B. McNamara, Sydney, Australia, 627:45:23, \$2000; Herbert Hedeman, Sydney, 631:23:48, \$1750; Harry Abramowitz, New York, 634:46:20, \$1500; and Mike Joyce, Cleveland, 689:02:52, \$1250.

Guy Shields, Pitcher, Oklahoma, 658:17:29, \$1000; Eddie Harbin, Santa Rosa, Calif., 727:56:16; Iron Man Cowley, Clifton, N. Y., 742:00:27, \$850; Pat Harrison, Miami, Ariz., 748:20:51, \$800; Joe Spangner, New York, 755:59:14, \$700.

Harry Reyhan, Germany, 765:06:52; Charles Eskin, Elvira, Ohio, 782:56:46; Morris Richman, New York City, 854:11:11, and George Jushick, Poland, 882:07:34, were all out of the money.

Tilden Wins Two New Court Titles

AMSTERDAM, June 17.—William T. Tilden, American star, held two new tennis titles today as a result of his smashing play in the Dutch championships.

Tilden won the singles title in an All-American finals match yesterday from his friend, Frank Hunter, 6-4, 6-2, 6-3. He exhibited the best form of the European tour during the match. He paired with Hunter to win the men's doubles.

C. W. Baxter tied for fourth, Lacy with 82-6-76, and Baxter with 100-24-76.

Footie won match play Sunday. He was two down, Lester Carden was second, four down, and Ed Holmes third, five down.

M. E. Lacy's 82 was low gross score shot over the week-end. Osmand Pixley's 87-20-67 was low net. Footie's 85-16-69 was second low net.

MIRACLES OF SPORTS

BY ROBERT EDGREN

'BABY ELKS' IN YANKS WILL BE 13-2 WIN OVER DISMANTLED AT ANAHEIM TEAM END OF SEASON

Making it three wins in as many starts, the Santa Ana "Baby Elks" baseball team easily submerged the Anaheim team, 13 to 2, at Lincoln field here Saturday and looked capable of again capturing their division title in the national baseball tournament sponsored by the American Legion.

Floyd ("Toy") Blower, stellar moundsman for Frances Willard junior high school, pitched the first five innings, fanning eight Colonists and allowing only two singles. "Babe" Gordon, hurler from Julia Lathrop Junior high, worked the last two innings and held the Anaheim boys hitless and struck out four men. Even though Johnson, Anaheim's pitcher, whiffed eight he also allowed a total of 15 hits, nearly all of which were turned into runs.

Montgomery and Blower led the local assault with three hits and three runs in four times on the rubber. Gordon was close behind with three hits and one run in four attempts.

Santa Ana will play its next game at Fullerton Wednesday.

Manager Fred Faber wants all candidates of his to meet at 7:30 o'clock tomorrow night at the Legion club rooms.

The box score:

Pick Club Track Squad Saturday

Pick Club Track Squad Saturday

LOS ANGELES, June 17.—The L. A. A. C. entries in the National A. A. U. championships will be selected at the Coliseum Saturday.

Thirty-five Southern California athletes will make the trip to Denver for the meet which opens July 3.

He gives Ruth at least three more seasons, although conceding that much of the latter's future depends on how he recovers from his present illness. This, in fact,

is not his pressing problem. He must rebuild his pitching.

"I don't mind telling you that I thought I had swung a deal on Saturday for an old, experienced pitcher," he said in conclusion.

"Many would have criticized the deal, for the man I was after is not young. I was figuring him for what he would do for me in my reconstruction work next year. However, I didn't get him, so I'll have to look elsewhere."

His only hope for the pennant, he admitted, was to win four out of five from the athletics in the impending series but I gathered that this was not so much a hope as a despairing thought. The inference I gained was that, even if he did win the series, the gesture might be too late for all practical purposes.

Huggins naturally didn't discuss individuals who might be affected by his program for 1930. He admitted that Ruth must figure prominently in his plans as time goes on and he did say that he expected to make a real third baseman out of Lyn Lary.

He gives Ruth at least three more seasons, although conceding that much of the latter's future depends on how he recovers from his present illness. This, in fact,

College Boy Boxer Earns Scholarship

DENVER, June 17.—While making high grades in his subjects during the past year, Eddie Mack, Denver lightweight, made approximately \$10,000 in the ring. The other day he put on a cap and gown and received a bachelor of philosophy degree from Regis college.

Mack has been given a three-year scholarship at Loyola university, Chicago, where he will study law. He intends to take on a few battles in Chicago this summer, but will poke his nose into the law books in the fall.

KID MEXICO OUT: PLAN BIG CONTESTS HERE

Henry T. Foust, Santa Ana boxing promoter, today assumed complete control of the Orange County Athletic club, replacing the veteran fighter, Kid Mexico, matchmaker. Foust has been granted a matchmaker's license by the California State Athletic commission and already has taken steps to improve the caliber of the weekly shows staged at the Delhi road arena.

The first program to be held under the direction of Foust will take place the night of June 18, although Wednesday night's featuring "Mexican" Mickey Walker and Trip Limbaco will be under his supervision also.

At matchmaker, president of the general manager of the club, Foust not only will shoulder entire responsibility of the weekly fight cards, but will be in a position to give Santa Ana fighters high class main events and abate the average preliminary fights.

Plans already are under way to bring outstanding fighters here. Joe Guerrero, the recognized lightweight champion of Mexico who won his title by defeating Johnny Lamar; Joe Bitto, Joe Egrina, Tony Portillo; Sam Jackson, Les Kennedy, "Bud" Ciglar, Joey Reinhart, Joe Bell, Arizona Joe Rivers and many more front flight and near long fill scrappers are in line for an event duty at the club shortly, according to Foust.

Charles Stimpson, recognized boxing authority for many years in this and other sections, has been engaged to handle the advertising and to assist Foust in management of the arena.

Wednesday night's principal Walker and Limbaco, expected complete training tomorrow the coming scrap. Limbaco, favored despite the fact that Walker is the Filipino to a draw in a heeletee staged several months back.

The pair of bantams ought to turn in a fast and interesting tag team. Limbaco, like all Filipino, tosses plenty of glo. Walker is aggressive and will

COLLEGE CREWS PREPARING FOR TLE REGATTA

BY WILLIAM J. DUNN
Staff Correspondent

The last of the nine crews entered the annual Intercollegiate Rowing association regatta here next day, arrived at Poughkeepsie for a final week of training in the Hudson course.

Wisconsin and Washington were final arrivals, coming here from Madison, Wis., where they met in a regatta Friday. Both were to their first workouts over the mile course late today and it is likely that each of the nine crews competing here would take water before dusk.

Massachusetts Tech., one of the rowing schools in the East, its eight to Poughkeepsie for the first time yesterday and the T. oarsmen held their first workout early today.

Rest On Sabbath

One of the crews was out yesterday although weather and water conditions were ideal. A complete rest was declared in all the houses along the river with the notion of California's where the took advantage of the lay-off a long hike in the hills back the river.

The regatta will be held one week today and it is likely that the protracted rest most of the men here will enjoy will be on day before the race.

Each Jim Wray's varsity is due hard work this week if the coach keeps his men work-

ing at the pace they have set so far.

"Old Dick" Glendon's Navy eight is another that will row a good many miles before the four-mile test next week. Glendon has a crew that looks to be improving daily and the veteran coach will spare no work that may bring them into the possession of more power and finer coordination.

Bears Will Work Hard
Of the favorites, California and Columbia, the former is expected to do the most work this week. "Young Dick" Glendon's undefeated varsity is rowing better than ever before and the danger of overwork is a real menace.

On the other hand California must iron out one or two kinks before pulling into place at the starting line June 24. Ky. Ebricht has found his men lacking in their usual smoothness of stroke, due perhaps to their four day trip from the coast, and while the Golden Bears are looking better every day, they can still improve.

The first workouts of Washington and Wisconsin will be watched with considerable interest here.

California scored a rather easy victory over Washington on the coast some time ago and the huskies, in turn defeated Wisconsin Saturday. On the strength of these records it would seem that neither Washington nor Wisconsin has a good chance of showing a great deal here.

Hunter To Leave For Golf Tourney
LOS ANGELES, June 17.—Willie Hunter, one of Southern California's three entrants in the National Open golf competition, will leave here tonight for New York. Charley Guest intends to leave Wednesday. Chet Beer, the other qualifier, left last Monday.

DOG IS OFTEN WINNER
DEL MONTE, Calif., June 17.—Marking the fifth time within the year that he has won premier honors on the Pacific Coast, "Sir Orkney" Willeress, Jr., J. J. Sinclair's English setter, was adjudged winner of the annual Hotel Del Monte dog

FOUST WILL MAKE MATCHES FOR CLUB

(Continued from Page 6)

to swap punches, which makes for a good if not great fight.

The six round semi-windup shows Trench King, veteran Sacramento feather, going to the post against Frankie Quigley. The latter made a big hit at the Main Street Athletic club Saturday night when he held Jimmy Valentine even. George Marcus vs. Ray Billibias, six rounds; Tiger Napoleon vs. Peter Martin, four rounds and Wellington O'Connor vs. Luis Echeveste, four rounds complete the card.

Echeveste is the local bantam-weight who beat Jimmy Martinez at the arena last week.

LOS ANGELES, June 17.—Speedy Dado, Filipino, will be a favorite over Delos Kid Williams, New Orleans, in their 10-round bout at the Olympic tomorrow night. They fight at 115 pounds.

FIVE RECORDS SHATTERED ON OUTBOARD MOTORBOAT RACES

BY S. H. LUCAS

NEWPORT BEACH, June 17.—The outboard motorboat races held on the bay Saturday and Sunday resulted in the breaking of five records.

In looking over the result sheets it is well to remember that the classes A, B, C and D, refer to the power of the engines used, and that Div. No. 1, means drivers who have driven 15 races, and Div. 2 refers to drivers who have not participated in as many as 15 starts.

Those in the lower class are allowed to start in a higher class but the higher ones are not permitted to start in those lower. These races were driven over a straightaway course, a surveyed mile in length, and timed with an electric timer.

The broken records were: Class B, Div. 2, by Blue Streak IV, owned by L. Leo M. Baughman, and driven by H. G. Ferguson at a rate of 47.238 miles per hour. Old record, 44.54.

Class B, Div. 1, Miss Hupmobile, driven by T. H. Tupman, of Pasadena, in 39.540 miles an hour. Old record, 37.08.

Class C, Div. 2, Blue Streak IV, H. D. Ferguson, 39.2063; old record, 38.70.

Class B, Div. 2, Crandall Comet, Johnnie Adams, of Newport, 40.1199; old record, 37.75.

Class C, Div. 1, Blue Streak, Chuch Hill, 39.5619; old record, 36.12.

Of the three fliers which were to try for records, Dick Loyne's Smiling Dan IV., and Miss California developed engine trouble, while the gold boat, Miss Los Angeles, turned turtle Friday and was not reconditioned in time. Dave Talbot, who was steering Miss California when her rudder broke and she made her flop,

was slightly injured, but was limping around yesterday.

Commodore O. K. Hunsaker of the Southern California Outboard Motor association, was head of the acting committee and was ably assisted by David Moekey, H. C. Crotty, Emil Aarup, Dr. Leo Baughman, Dan Kennedy and Ray Chapin.

Sunday's races were finished in the following order:

Class B, Div. 2, Miss Hupmobile (John Beneloski), Crandall Comet (John Adams), Miss Salton (Clarence Holt).

Class B, second heat, Miss Hupmobile (Beneloski), Crandall Comet (Adams), Shamrock (Bud Pearson).

Class C, first heat, Blue Streak IV, (H. G. Ferguson), Miss Hupmobile (Beneloski), Sea Gull (Adolf Felger). Second heat, Blue Streak IV (Ferguson), Miss Hupmobile (Beneloski), Miss Salton (Holt).

Class D, first heat, Goo-Bye (Pete Twist), Blue Streak IV (Ferguson), Sea Gull (Felger). Second heat, Blue Streak IV (Ferguson), Goo-Bye (Twist), Sunkist Kid (Loretta Turnbull).

The finish of today's races finds a boat weighing only 75 pounds, not counting the outboard motor, 10 feet long and 48 inches wide, possessing five records.

Windy City Takes Derby At Chicago

CHICAGO, June 17.—H. M. Brabner, Chicago sportsman, was richer by approximately \$50,000 today and the situation in the three-year-old racing ranks was more complicated than ever, due to the

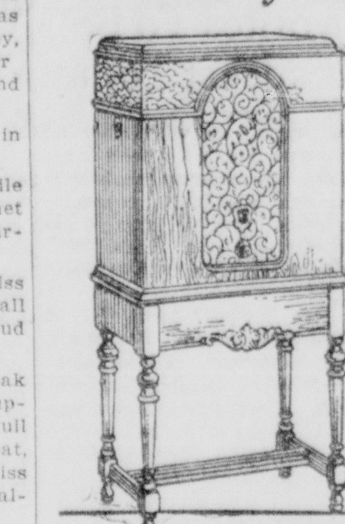

fact that Grabner's horse, Windy City, won the American Derby here Saturday.

The brown son of Upset, an outsider in the betting won by a length and a half from a field which included Clyde Van Dusen, any other hound or dog.

Dr. Freeland, African, Naishapur and other good horses. Naishapur finished second and African third.

The greyhound, of all breeds, has kept more to its original type than which included Clyde Van Dusen, any other hound or dog.

Canning is a pleasure
with an A-B Range
... it's the oven heat control

that turns this usually arduous task into an interesting and simplified summer duty. By means of this nationally known A-B oven heat control, the season's canning is accomplished with less labor and a greater assurance of success than is possible under the laborious methods of the generations before us.

"Putting up" the season's choice crop of berries, peaches, apricots and other fruits the A-B way involves the simple system of cold pack canning as advocated by the U. S. Government and endorsed by the country's foremost cooking experts.

We shall be glad to present callers at this store with a copy of the A-B Canning Chart, and at the same time, if you wish, explain the many meritorious advantages of the celebrated A-B Ges Range—come in tomorrow, if you can.

WHERE ECONOMIES ARE COMBINED WITH DISTINCTION

Taxpayers Are Entitled to Full Value for Every Dollar

We taxpayers are entitled to know, IN ADVANCE, just how and where our bond tax money is to be spent. We are entitled to know there is a specified amount for a specified purpose. We don't want to buy a "pig in a poke." We must not pay \$16,500,000.00 for ANYTHING "sight unseen." We don't throw single dollars away as individuals and we should not throw MILLIONS OF DOLLARS away as a County!

AND YET, WE ARE ASKED TO VOTE BONDS TO THE EXTENT OF SIXTEEN AND A HALF MILLION DOLLARS ON JUNE 25, AND THERE IS ABSOLUTELY NO RESTRICTION AS TO HOW THAT MONEY MAY BE SPENT! IT CAN ALL BE SPENT ON THE SANTA ANA RIVER, IT COULD EVEN BE SPENT ON SAN JUAN CREEK, SO FAR AS LEGAL RESTRICTIONS ARE CONCERNED.

There is no restriction on your sample ballot just received or in the Flood Control Act, regarding the spending of this huge sum of money, and it can be spent, HOW, WHEN, and WHERE a majority of the Board of Supervisors decides. This is wrong in principle and would set an unwise precedent.

There is no use of spending \$16,500,000.00 for flood control when the same purpose can be accomplished for half the money! That would not be good business for an individual; therefore, it is not good business for Orange County.

There is good reason to believe, backed by expert opinion, that the Santa Ana river floods can be controlled and water conserved with a saving of half the money. Several possible plans would accomplish that purpose, and it's up to the voters to vote "NO" and delay the matter a few months, until a better, safer, and more economical plan can be worked out and presented for your approval.

WE CAN VOTE AGAIN IN SIX MONTHS, AND THE MATTER, WHILE IMPORTANT, IS NOT SUCH A LIFE-AND DEATH PROPOSITION THAT WE MUST VOTE SUCH A BIG ISSUE IN HASTE, REGARDLESS OF CONSEQUENCES, AND AT ALL COSTS!

If we vote these bonds June 25, we are committed to a forty million dollar program for forty years. If we defeat them, we can work out a better plan in a few months, and save millions of dollars of the taxpayers' money!

VOTE "NO" ON THE DAM BONDS!

John Barrymore's Favorites To Be Broadcast Today

Answering the question of what kind of music a great screen lover prefers, the Edison program, broadcast through the NBC coast-to-coast system tonight from 5 to 5:30, Pacific standard time, will present John Barrymore's favorite selections.

Barrymore is noted as a star of both stage and screen. For years he played important roles in legitimate productions in many parts of the world. More recently he has been a leading man in motion pictures, achieving his greatest fame in romantic characterizations.

Frank Black will direct the Edison Orchestra and vocalists in the broadcast.

This Edison program will be heard through Pacific Coast stations KHQ, Spokane; KOMO, Seattle; KGW, Portland; KGO, Oakland; KPO, San Francisco, and KFI, Los Angeles.

THEATER PREMIERE TO BE PUT ON AIR

An interesting broadcast over KMTB will be the premiere of the talking picture "Broadway" at the Biltmore theater, from 8:30 to 9:30 tonight. Many well known stars are scheduled to speak into the microphone to the radio audience upon this gala occasion. This broadcast will be made by remote control from in front of the theater announcing the celebrated folk as they arrive.

Chamber Ballot Closes Monday

CHAMBER BALLOT 66 ANAHEIM, June 17.—The primary ballot for nominations for directors of the Anaheim Chamber of Commerce will be completed Monday, the polls closing at 4 o'clock in the afternoon. Six directors will be chosen to replace six retiring.

The retiring directors are F. A. Yungbluth, Leonard Evans, H. N. White, Dr. H. A. Johnson, Lotus H. London and Stone W. Todd. Holdovers are William Schureman, H. H. Benjamin, R. J. Grange, A. E. Hargrave, Fred Backs and H. E. W. Barnes.

The 12 who receive the highest number of votes will be candidates for the final election which will close June 26. Voting is by mail.

SOUSA'S BAND ON PROGRAM TONIGHT

Lt. Com. John Philip Sousa, after an intensive study of radio broadcasting of band music, is developing a radio band technique, some application of which will be shown at 5:30 p.m., coast time, this evening in the program of the General Motors Family party.

out the world not only as a great bandmaster and the universal March King, but also as a musical scientist. He has written three books, dealing with the violin, the trumpet and the drum, respectively, that show the depth of his consideration of the scientific side of music as well as its artistic possibilities.

The program this evening will include such compositions as Sousa believes will best present his band to his vast audience through the microphone. The concert will be heard through a coast to coast network of stations served by the National Broadcasting company, including KFI.

Mae Wisner And H. T. Settle Wed

ORANGE, June 17.—Herschel T. Settle, of Montrose, son of Mr. and Mrs. W. A. Settle, of El Modena, and Miss Mae Wisner, daughter of Mr. and Mrs. Wisner, of Orange, were married by the pastor of the First Presbyterian church, the Rev. R. B. McAulay, Saturday evening.

Preceding the ceremony, Miss Henrietta Settle, sister of the groom, sang "I Love You Truly." Miss Bertha French was her accompanist. The groom was attended by his brother, Edwin Settle, while the bridesmaid was Miss Edna Wisner, sister of the bride.

Miss Wisner was gowned in pure white while her bridesmaid wore powder blue. Each carried an arm bouquet of sweet peas and baby's breath. The church parlor was beautified by fern and large baskets of gladioli. After the vows were taken the happy couple received the congratulations of relatives and friends gathered for the affair, after which Mr. and Mrs. Herschel Settle left in a shower of rice.

Among the guests at the wedding was Mrs. Henrietta Reep, of Alhambra, grandmother of the groom, who wore the same beautiful silk dress she had worn at her own wedding April 30, 1874, in Youngstown, Ohio, when she became the bride of John Reep.

Others at the wedding were Mr. Ernest and Miss Lois Green of and Mrs. Carl Warner and little son, Santa Ana; Mr. and Mrs. Wisner and sons, Melvin and Ira, of Orange; Mr. and Mrs. W. A. Settle and daughter, Hazel, and Mr. and Mrs. R. C. Adams and daughter, Eva, of El Modena.

Consent is your magnetic needle and reason your chart. Persuasion is better than force.

4 Screen Grid TUBES in the 8-Tube 1930 SILVER RADIO

What 4 Screen Grid Tubes Give You

Each screen grid tube has 8 times the merit of an ordinary tube. Silver Radio, the only set with 4 screen grid tubes, enables you to get any program you want without AC hum, regardless of local interference. Silver Marshall, Inc. is the only RCA licensed manufacturer with steady screen grid production since 1927. Over 25,000 custom-built Silver Marshall screen grid receivers have been in service these years, giving Silver Marshall alone the right to claim that Silver Radio is a tested screen grid radio of proven merit.

Two Radios, for both summer and winter, in one thru Overtone Switch

In summer, static is overcome by opening the overtone switch, giving you lifelike overtones in all their brilliancy, natural enunciation or low, deep notes. In winter, supremely all around realistic reception. The radio weather and distance of the station

desired dictates which way to "flip" the switch for perfect reception.

Three Other 1930 Features

Matched Impedance Dynamic Speaker, individually tested and toned on your set at the factory, utilizing two New 245 power tubes in "push-pull" audio, trebling volume which is easily controlled, insuring clarity of tone. Screen Grid Power Detector, five times better than the "next best" detector by actual test. Band Selector Tuning, providing positive selectivity and sensitivity. Absolutely one dial tuning. No trimmers.

Addresses Heard Yesterday In Santa Ana Churches

PAST ASSEMBLY POWER TOPIC SERVICE DRAWS CROWD SUNDAY

The largest crowd in the history of the Southern district attended the closing day of the assembly here yesterday.

Dr. R. T. Williams, general superintendent, gave the morning sermon at 9:30 o'clock. An overflow meeting was held in the hall of the First Methodist church.

Dr. Williams stated that he cradled in Methodism and lined by Bishop Galloway of Southern Methodist church.

Dr. Williams is a former college student and a graduate of Chicago university. He left immediately for Los Angeles where he is the Southern Pacific for next assembly in New Mexico.

Evangelist Here While Pastor Is Visiting In East

The Rev. J. E. Shannon, who was here last February and conducted a four weeks' evangelistic service at the First United Brethren church, of which the Rev. R. W. Harlow is pastor, is filling the pulpit of the Rev. Mr. Harlow during his absence.

The Rev. J. W. Short who is active in the work of the Church of the Nazarene in Iowa, preached at the United Brethren church last night. Assisting him in the service was Professor Ransom of the music department of Pasadena college, who sang several inspiring solos.

Announcement was made this morning by the Rev. Mr. Shannon that the Daily Vacation Bible school was to commence at the church today. He urged that parents co-operate with the religious educational workers in this city and send children to the church school.

J. KIRK SOPER PASTOR OF FULL GOSPEL CHURCH

The Rev. J. Kirk Soper is acting pastor of the Full Gospel assembly in Santa Ana. He is filling the place of the Rev. A. C. Valdez, who has transferred his ministry to El Sereno, a suburb of Los Angeles.

In his sermon at the church yesterday, the Rev. Mr. Soper took as his subject, "A Loving Father," with the text taken from the second chapter of Corinthians.

"We think of father from childhood as the greatest, strongest and most wonderful of all men," he said.

"Many are the responsibilities of a father. He rules the home. The very way his children are brought up depends greatly on the father himself. He is the ruler of the home, and the example in the home. Often-times the children follow in the steps of their father. It behooves you and I, as fathers, to walk circumspectly. We must realize that the sons of today will be fathers of tomorrow."

"Now our Heavenly Father is a father of comfort. He wants us to trust Him as a child trusts his earthly father. A child knows that his father is going to provide for him and keep him. Therefore, the child takes no thought for tomorrow. If we have such confidence in our earthly father, how much greater confidence we should have in our Heavenly Father, who feeds all the sparrows and arrays the lilies in greater glory than Solomon had."

"To be a father there must be a child. The child unites the home. The Psalmist said, 'The children are a heritage of God.' Likewise, there should be a spiritual birth of spiritual children, if the church is in union with God, the Father. For as soon as Zion travelled, she brought forth her children."

EARLIEST BRITISH ART FOUND Believed to be the earliest work of art ever discovered in Great Britain, a carved reindeer bone was recently unearthed in a cave near Creswell Crags, a short distance from Buxton, England. It is years old.

PASTOR TALKS ON 'FOR WHAT IS YOUR LIFE?'

"There are many questions in the Bible, but none gives more food for thought than the question, 'For what is your life?'" declared the Rev. J. A. Shirley, of Monrovia, guest-preacher at the Church of the Messiah yesterday morning. He continued:

"Continually we use the word 'I—I am going to do this, or that. What am I? What is my life? From whence did I come; whither am I going? Is the end of life the sudden end of 12 Am I the same as I was 10 or 20 years ago? Will I be the same 10 or 20 years from now? Scientists tell us that our bodies are continually renewed and of this body that I had 10 years ago, not one shred remains, excepting the teeth, yet I still say I am going to do so and so just as I said 10 years ago. What is this 'I' that thinks? The brain has been renewed, but 'I' think on. It is evidently a thing apart from the body. It remembers the things that happened to this body even though the body is changed from that of 10 years ago. It uses the brain, but 'I' is not the brain, 'I' is associated with the body, but 'I' remains a thing apart from the body."

"Evidently I am the breath of God, for in the beginning we read that God breathed His breath into man and man became a living being. We think far too much in terms of our physical body and not enough in terms of our spiritual body. We spent too much time in securing enjoyment for this physical body. Parents make too many plans for the physical bodies of their children and plan too little for their souls."

"The soul is the works and the body simply the case of the works. We spend much time on the case. We think of our friends too much in physical terms. Their station in life, their substance, interest us and we lose sight of their personality. Were they born in humble circumstances, had less than we have, would we have made them our friends? Would their personality have drawn us to them? I am not sure."

"Again, since I have survived several bodies, is it not reasonable to think that I will survive the last one I have. This gives me a strong belief in immortality. I will live on. I also will know my friends, those I loved here, but I think we will be slow to recognize them, just as Mary was slow to recognize the Master after the resurrection. Just as the two disciples walked with Him to Emmaus, and failed to recognize Him until He began to break the bread, a familiar act. Then they knew Him. So we will know each other. The 'I' will recognize the 'I' the personality of the loved one."

DR. WARMER IN FATHER'S DAY TALK SUNDAY

Dr. George A. Warner, pastor of the First Methodist church, conducted the impressive Father's day service at the church yesterday morning. Following the sermon on which he discussed intimate details of the paragon family life, the prominent minister presented gifts to the oldest and youngest father in the congregation. A necktie was given the Rev. George Winterbourne, oldest father; and L. C. Clark was the recipient of a two-pound box of candy as being the youngest "Dad."

In the evening Dr. Warner delivered the baccalaureate sermon at the Inglewood high school from which 192 students were graduated.

Announcement was made this morning to the effect that the Daily Vacation Bible school will open at the church next Monday morning. Final arrangements will be made during this week to make of the church school a successful eight weeks' series.

Dr. Warner informed his friends yesterday and today that his children are vacationing at the home of an aunt, Mrs. Homer Richardson, of Lindsay. Miss Florence and Craig Warner will remain there a month, but is expected that George and Charles Warner will return to spend the remainder of the summer months with their father in Santa Ana Saturday.

CAR STOLEN NEWPORT BEACH, June 17.—J. M. Bruce, of Laguna Beach, reported to police yesterday that a touring car with Oregon license plates had been stolen by two well dressed young men. Harry Schalk, Huntington Beach; A. H. McClure, Santa Ana; E. A. Letian, Anaheim, and C. R. Rockne, Orange, were arrested and charged with drunkenness yesterday. They were released on bail of \$25 each.

Lesson Sermon On Christian Science Sunday

The Lesson-Sermon Sunday in all Christian Science churches branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts discussed the subject, "God the Preserver of Man."

A number of the Bible selections related to the words and works of the Master as recorded in the four gospels, including these verses from Mark: "And Jesus, when He came out, saw much people, and was moved with compassion toward them, because they were as sheep not having a shepherd: and he began to teach them many things."

Among the correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, were these words from the preface: "The physical healing of Christian Science results now, as in Jesus' time, from the operation of divine Principle, before which sin and disease lose their reality in human consciousness and disappear as naturally and as necessarily as darkness gives place to light and sin to reformation."

Buena Park Club To Install New Officers June 13

BUENA PARK, June 17.—The Buena Park Woman's club will hold the last meeting of the club year Thursday afternoon, when the new officers will be installed. The program will be in charge of Mrs. Harry Sears, of Anaheim, county chairman of the dramatic section.

'PLAY TO KING' DISCUSSED BY R. F. CHAMBERS

In the absence of the minister, R. Fred Chambers was in charge of the morning service at the First Baptist church and spoke on the subject: "Play to the King." After a few definitions of life from Shakespeare, Omar Khayyam, James F. Baker, and Longfellow, special attention was called to the story by Angelo Patri relative to a great actor who was eager to make a great reputation in his initial performance in London. He was disappointed at the small audience until some one suggested that the king might be in the audience and to go out and play to the king. As a result, his greatest success was realized.

Various possible kings of life were suggested, such as: popularity, pleasure, wealth, glory, wisdom, purity of heart, true dignity. Quotations from Pope, Goldsmith, Vergil, Gray, Solomon and Wordsworth were used to show how each king was not entirely adequate.

Jesus Christ was presented as the greatest King of Life because He played to the best of life, Love of God; and those who emulate Him can realize life more abundant and satisfaction for the divine insatiability that sends man on his quest for life at its best. The Life Service league was in charge of the evening service, presenting the subject: "Stewardship of Life." Various phases of the subject were very capably discussed by Miss Mildred Crowland, Royce Edison. Explanation of the practical work of the League throughout the United States was then presented by R. Fred Chambers and an opportunity was given for those who would sign the pledge for Christian Life Service. Elwood Ritter and Samuel Cash signed the pledge and others man-

RADIO SPEAKER IN SERMON IN ADDRESS HERE

Ernest Beam, of Long Beach, was the evangelist who conducted the service at the Southside Church of Christ, of which J. W. Saunders is evangelist, at the church last night. He is well known throughout the state for his interesting lectures formerly given over radio station KFOX. This was the first of a series of services to be conducted here. His subject last night was "A Fountain Opened to the House of David."

The first verse of the 13th chapter of Zachariah was the basis of the evangelist's sermon. He pleaded with his audience to adopt the frame of mind that we may all learn something, rather than that of self satisfaction. Even the apostles, the evangelist pointed out, had something to learn after three years spent in the company of Jesus.

He asked that his hearers have the disposition of David in regard to a willingness or desire to know God's will. He urged that as the fountain was according to the prophet to be opened at Jerusalem, it is to Jerusalem we must go to learn the terms of cleansing. The fountain was to be for sin. "Sin disfigures the soul," he said. "Every man ought to desire to get rid of it. The way to do it is to accept Christ by accepting His teachings." A splendid audience assembled for the first service. Evangelist Beam's subject for tonight is, "Have You Found the Christ?"

Interest in taking a pledge blank to consider signing it. A beautiful solo by Miss Nellie Mae Chapman was a feature of the evening service. Floyd Kilgusberg, acting president of the Senior Young People's society, presided.

The above picture shows Louis Heilman's Service Station, located at 1646 East First Street, Santa Ana, Calif.

We invite you to visit Louis' Service Station and see what service, quality and courtesy did for this successful business. Mr. Heilman has had this station about a year and a half. It is headquarters for the Richfield gas and Richlube Oil. In addition, he has crankcase service, greasing, tire repairing, carries accessories, and sells Diamond Tires. In connection with the station, Mr. Heilman has a lunch stand known as Louie's Beer Garden, where he intends to have sandwiches, soft drinks and ice cream. The garden has ample space for parking. There are six tables and benches for his patrons' convenience and it is softly lighted by Japanese lanterns. An ideal place for a sandwich and cold drink.

Mr. Heilman cannot say enough about the well known Diamond Tire and the excellent service he has had from Herbert L. Miller, Inc. The main reason for Mr. Heilman's decision to handle this tire was the many cars driving into his station for service with Diamond Tires on the wheels. He stated he has never heard one motorist knock this tire since he has served them. "This in itself is a wonderful thing, considering the myriads of motorists using them."

The Diamond has progressed steadily through 35 years of quality tire success and today, as always, offers a complete line of pneumatic tires and tubes of unusual merit and distinction. As Louie says, "They must be good or you would not find them on so many cars." This station is on the Interstate Highway No. 101 and on the direct route to San Diego. "Drop in and let's talk it over," says Louie.

by Louise Stephenson

Farewell Shower For Bride Who Leaves For Europe

A miscellaneous shower was given late last week for Mrs. Nelson Franson, formerly Miss Evelyn Babbitt, at the home of Mrs. Clifford Quisell, (Ruth Vieira), 1408 North Broadway. Mrs. Nelson will leave soon for a honeymoon voyage to Europe with her young husband.

Tables were laid for cards amid the floral decorations of pink gladioli and sweet peas. At conclusion of play, honors were awarded Mrs. Raymond Carrey, high score, and Mrs. Lorraine Arguella, second high.

Guests included the honoree, Mrs. Franson, the hostess, Mrs. Quisell and her sister, Miss Mildred Vieira, Miss Catherine Duxton, Miss Laura Anderson, Miss Esther Irwin, Miss Helen McCann, Mrs. Foper, Mrs. Elsie Conliff, Mrs. D. Cook, Mrs. Edith Brook, Mrs. Raymond Carrey of Santa Ana; Miss Helen West, Anaheim; and Mrs. Carl Rogers and Mrs. Lorraine Arguella of Orange.

Young People Return Unexpectedly From Honeymoon

Eager to return to this city and to the artistic little home awaiting them, Mr. and Mrs. Herbert L. Hill, whose wedding was such a lovely event of June, cut their honeymoon short and surprised their family and friends by returning to this city late last week, and proceeding at once to their home, 1127 Orange avenue, where they will be located for the remainder of the summer while plans for their own home are under way.

Mrs. Hill will be remembered as Miss Sara Hales, one of June's loveliest brides, and their wedding took place on Thursday night, June 6, in the First Congregational church. Leaving at once on their honeymoon trip, the young people visited San Francisco, Santa Cruz and the big trees region of the state in the week or more of their absence.

Following their unexpected return, Mr. Hill's parents, Mr. and Mrs. S. J. Hales, complimented them at an informal little dinner in family in the Hales home at 1727 North Main street, including Mr. Hill's family in the happy gathering.

Miss Mildred Whitson Wedded at Charming Home Ceremony

Amidst the charming surroundings of her home, and in the presence of only the immediate members of the two families, Miss Mildred Whitson became the bride of Harrison Tracy Smith at a wedding of appealing simplicity, which, conducted Saturday night at 8 o'clock by the Rev. O. Scott McFarland, pastor of the First Presbyterian church, was almost 24 hours in advance of the time anticipated by friends of the family.

Exquisite bride roses were used in adorning the home for the nuptial rites, which were staged before the fireplace in the drawing room. Mingled with the maidenhair fern and snowy roses banking the mantel, were tall cathedral candles shedding their soft glow on the scene.

Miss Whitson was very lovely in a gown of eggshell georgette with which she carried gardenias and lilies of the valley. Of special interest in her costume, were the two handsome old gold bracelets which she wore, and which had been worn by her grandmother, Mrs. M. M. Whitson, when she was a bride just 61 years ago, on June 18, 1868; and the exquisite point lace handkerchief carried by her mother when she became the bride of Mr. Whitson 28 years ago.

A further note of appealing sentiment was sounded when the Rev. Mr. McFarland, at the conclusion of the impressive ceremony, revealed that he and Mrs. McFarland would celebrate their sixteenth wedding anniversary on June 18, the same date as the grandmother of the bride recalled with such happy memories.

At the conclusion of the rites thus given such pronounced interest in the little group present was ushered to the dining room for the prelude ceremony of cutting the bride's cake, performed by the new Mrs. Smith. Wedding bell lees and other dainties were served with the delicious cake amidst the artistically arranged flowers decorating the room.

Later the bride slipped away from her family to make her appearance in readiness for the honeymoon trip upon which she and Mr. Smith embarked at once. To her graceful groom she had added an especially sensible coat and a smart little hat with the merest touch of periwinkle blue to harmonize with the slippers of periwinkle blue kid which had replaced her bridal slippers.

The young people left by automobile for Long Beach where they have taken an attractive beach cottage for a week after which they will drive north to Lake Tahoe and then on through Oregon and Washington into British Columbia. Upon their return they will make their home in San Clemente where Mr. Smith will continue in his profession of civil engineer. He is the son of Mr. and Mrs. Henry A. Smith, 1218 South Sycamore street, while his bride is the daughter of Mr. and Mrs. W. Verne Whitson, 517 South Ross street.

Mr. and Mrs. Smith, Mr. and Mrs. Whitson, Miss Margaret Whitson, Mrs. M. M. Whitson, Miss Josephine Smith and Mr. and Mrs. Thomas L. Jenken comprised the guests assembled for the wedding.

Pink and White Party Is Charming Affair For Miss Beall

One of the prettiest of the pre-nuptial affairs given for Miss Elizabeth Beall, who is to wed R. Deane Smiley June 23, was the bridge luncheon given Saturday by Mrs. Clifford Cole of Los Angeles and her mother, Mrs. Porter C. Edmunds, at the home of the latter, 1850 East Fruit street.

The home was lovely with baskets of gladioli, carnations and sweet peas from the gardens of friends.

Luncheon was served at 1 o'clock, the center of the long table with its snow white nappery and pink crystal glassware being graced with a little white church with windows of silver, the roof and steeple being entirely made of white petals lined with delicate pink. A little white bell in the steeple and a groom and bridey figure in front of the church, making the picture complete. This artistic little structure had been fashioned by Mrs. Cole, a life-long friend of the young honoree.

The delicate tints of pink and white were carried out in all the table appointments and in the service, ice cream baskets with flowers in pastel tints, and individual angel food cakes with pastel pink icing being served as the final course.

After luncheon, bridge was the diversion of the afternoon. A pretty pink bud vase was presented to Miss Elizabeth Todd for holding high score and a pink bonbon dish awarded Miss Zeta Vance for second high. As a complete surprise to the honor guest, Miss Beall, was the large tray of lovely gifts presented her.

Those sharing the hospitality of Mrs. Cole and her mother, Mrs. Edmunds, were Miss Beall, her mother, Mrs. Roy Beall, Miss Adele Lutz, Miss Charlotte Harris, Miss June Goodwin, Miss Zeta Vance, Miss Mildred Lukens, Miss Martha McPeak, Miss Gertrude Pritchard, Mrs. Helen McCollum, and Miss Elizabeth Todd.

MODEL AUTO ROAD FOR SPAIN

Construction of the model automobile road, 260 miles long, in Spain is to be started at once. It will enable motorists to travel between Madrid and San Sebastian in a few hours. The roadway will be 36 feet wide, and curves will be wider and banked to allow speedy turns.

Happy Celebration Is Staged on Wedding Anniversary

Some idea of the esteem in which they are held by a host of friends, was gained Saturday by the Rev. and Mrs. Thomas Vance, when flowers began to arrive at their home, 420 West First street, where they were staging an informal reception in celebration of their golden wedding day. All day long the beautiful blossoms continued to be showered on them, and with the arrival of the afternoon hours designated for the "at home" callers began making their appearance, until there was a constant procession of friends who wished to offer their good wishes in person.

The "bride" of 50 years ago was very sweet and charming in her softly flowered georgette gown, and seated amongst the wealth of blossoms, while the Rev. Mr. Vance was quite as attentive as he had been on that long ago wedding day.

In addition to the afternoon reception was a family dinner held in the blue room at Ketter's where two beautiful wedding cakes sparkling with candles. One of these was the thoughtful gift of Messrs. Hugh and W. A. Gerrard. Covers were placed for the celebrants, Mr. and Mrs. Vance, Dr. and Mrs. A. T. Vance, of Los Angeles; Dr. and Mrs. J. A. Vance, Dr. and Mrs. Heber Vance, Ontario; Mrs. Earl White, of Seattle; Mrs. B. E. Bennett, of Omaha; Mrs. J. E. Beeve, Jack, George and Eleanor Reeve, Fullerton; Mrs. Estella Murdock, Joy T. Wakefield, Pasadena; Dr. Mabel Vance Tremaine, Santa Ana; Dr. Marie Thoren of Los Angeles; a classmate of Dr. Tremaine; the Rev. Jehiel Vance of Detroit, a brother of the host.

Returning to the home, the guests were entertained by readings and music by Mrs. Estella Murdock. Light refreshments were served throughout the afternoon, with Mrs. L. B. Brinsdine and Miss Eleanor Reeve presiding at the punch bowl.

Callers were all asked to inscribe their names in the handsomely bound guest book which was the gift of Dr. Tremaine. The Rev. Mr. and Mrs. Vance include in their happy family circle, five children and eight grandchildren. The sons and daughters are Dr. A. T. Vance of Los Angeles, Mrs. James R. Coxen of Honolulu, Joy Wakefield of Pasadena, Mrs. J. B. Reeve of Fullerton and Dr. Mabel Vance Tremaine of this city, while the grandchildren are George, Jack, Eleanor and Audrey Reeve of Fullerton; Earl and Lynn Vance of Los Angeles, and Frances and Thomas Coxen of Honolulu.

YOUNG READER

Miss Vivian Rogers has gained much attention among her friends for her charming original verses, and the equally pleasing manner in which she presents them. She is to assist in the pupil recital presented tonight by expression and music pupils of Holly Lash Visel, in Ebells clubhouse.

Pupil Recital

The annual adult recital given by pupils of Holly Lash Visel will be held at Santa Ana Ebells clubhouse tonight at 8 o'clock, with Merrill Bauer, violinist, Bertha French, pianist, and several dancers, to assist on the program.

Miss Marjorie Gowan of Laguna Beach who recently gave a charming program in "Our Village," will read a fantasy in one act, "The End of the Rainbow," by Webster. Miss Hurdett Brackett, well known dancer, will present "Porcelain de Sax" in Dutch costume. This number was used by the Chausu Souris company which appeared in Los Angeles last year. It concerns a dance revelry in the village where Dresden china is made.

Miss Vivian Rogers, who has become known by her ability as an embryo poetess, will interpret two character sketches by Austin Dobson. Miss Lorene Croddy, portraying the exotic characteristics of the Russian people, will sing "The Hapok" by Moussorgsky and also dance.

"Where the Bee Sucks," (Arne), "She Never Told Her Love," by Hayden, and "It Was a Lover and His Lass," by Barratt, all beautiful songs of the 17th and 18th centuries, will be sung by "The Visel Singers." The teachers who are associated with The Visel studio are to be presented also.

CHURCH SOCIETIES

After a busy year, the Woman's Auxiliary of the Church of the Messiah closed the year with a brief business session on Friday afternoon at which the new constitution and by-laws adopted a donation of \$15 sent to St. Luke's hospital, Tokio, reports read and officers complimented upon the successful showing numerically and financially.

Mrs. M. L. Crisp and Mrs. W. C. Young were hostesses during the social hour. Mrs. William Whitehead, a prominent member of the guild and also president of the Woman's club, sent greetings from Toronto, Canada, stating she was having a marvelous trip and enjoying every minute of it.

Promising to be especially lovely in all its details is the garden-bridge party at the home of Mrs. A. H. Taylor, 2422 Fairmont avenue, on Friday afternoon, June 21, from 2 until 5 o'clock, with the members of St. Elizabeth's guild as hostesses. Bridge tables will be set in the delightful gardens as well as in the house and dainty prizes will go to the winners. Places may be reserved with Mrs. Adelaide Lowe, telephone 2499-J. Tickets are priced at 50 cents.

The Bishop's Guild, Los Angeles, has invited members of the local guilds and auxiliary to attend the garden party at the home of Mrs. C. Fredrichsen Smith, 1006 Raymond Drive, Beverly Hills, on Wednesday afternoon from 2 until 5. A number of Santa Anans are planning to be among those present.

Santa Ana will be represented at the dinner in the Cathedral House, Los Angeles, on Wednesday night at 8:30, when the men and boys of the Southern diocese confirmed by the late Bishop Johnson are to gather to do honor to his memory.

The picnic of the church school will be held in Irvine Park, Friday, June 28. Plans for many athletic contests and sports for the young people are being completed and it is expected that several hundred will attend the annual outing.

Little Maid Honored By Party on Her Birthday

Little Miss Marilyn Jeanne Plavan was six years old last Saturday and her grandmother, Mrs. Campbell of 808 Garfield street gave her a lovely birthday party, inviting her young friends in that neighborhood.

Interesting games were played on the lawn. Prizes were given to Chelena McBurney and Gwendolyn Swift, winners of two of the contests.

Beautiful flowers in pastel colors were used for decorating the home. Pastel colors were also carried out in table decorations, nut cups, favors as well as in refreshments and the birthday cake which was topped by six pink candles.

During the afternoon Mrs. Campbell was assisted by Mrs. Clyde Plavan and Mrs. William Giest. At the close of the refreshment hour the many gaily wrapped parcels were placed before Marilyn and the happy little guests gathered around to inspect them as she opened them.

Those who enjoyed the party were the honoree, Marilyn Jeanne Plavan, her little sister Lucille Plavan, Gwendolyn Swift, Milton Swift, Chester Roberts, Elaine Roberts, Chelena McBurney, Roberta McBurney, Flo-flo Plavan, Billie Dietrich, Wallace Dietrich, Phyllis Dietrich, Phyllis Plavan, Dorothy Ireta, Boulder, Shirley Plavan, Jackie Eller, Billie Palows.

YOU and your Friends

Mr. and Mrs. Gene Hitt are here from Bakersfield for a brief visit at the home of Mrs. Hitt's parents, Mr. and Mrs. George W. Young.

Clarence Safley, 1541 East Fourth street, today underwent a "minor operation" at the Santa Ana Valley hospital. His son, J. C. Safley, city editor of Hollywood News, was here today to be with his father.

Miss Louisa Cselotti and her father, Guido Cselotti of Los Angeles were guests at the home of Prof. and Mrs. D. C. Clanton of this city yesterday, making plans for an opera to be brought here next fall.

R. C. Pearce of the Rosemore hotel returned to this city today after having been in Davenport, Ia. for a week because of the death of his sister-in-law. He and Mrs. Pearce will attend the graduating exercises at Pomona college tonight, at which time their daughter, Miss Esther Pearce, will receive her diploma.

The Rev. and Mrs. R. W. Harlow and children left Friday for Rushville, Ind., where they will visit with the mother of the Rev. Mr. Harlow, and will return to their home here August 1.

Mrs. F. R. Schweitzer of 1024 Kilson drive, who has been confined to her home because of illness, is reported to be improving in health slowly.

The Rev. Harry Evan Owings, pastor of the First Baptist church is attending the Northern Baptist convention at Denver. R. Fred Chambers, assistant to the minister, is filling his pulpit during his absence.

Mrs. Rue Jackson, who has been visiting relatives and a daughter at Los Angeles and Covina, will spend this week at Laguna Beach. Miss Jane Jackson of this city spent yesterday with her mother at Los Angeles.

Forrest S. Severance of 1342 Grand avenue, who has just completed the year's work at the Chouinard School of Art, Los Angeles, has accepted a position for the summer months, with Barker Brothers of Los Angeles.

Mr. and Mrs. Hugh Gerrard of 807 Cypress street, with their sons Philip and Myron, left Saturday night by automobile for an extended eastern trip. They will stop to visit relatives and friends in Ohio and will continue to New York. Returning by the Great Lakes region they will cross into Canada to visit Mr. Gerrard's boyhood home, and then will drive southward and return to California by the southern part of the United States.

Mrs. Fred Rotzler and Mr. and Mrs. Albert McMurdo were the guests of Long Beach friends at the end of the week.

Curtis Van Syoc, a cousin of Mrs. J. S. Hill, 730 Minter street, who has been attending Santa Ana junior college for the past two years, left Saturday night by automobile, for his home in Winfield, Ia., where his parents, Mr. and Mrs. O. L. Van Syoc, reside. He was accompanied by three school friends and the young men planned to go by way of Denver. O. L. Engel, who has spent the past month in this city with his son-in-law and daughter, Mr. and Mrs. Virgil Clem, 1013 Cypress avenue, will leave Thursday for his home in Anderson, Ind.

Lively Group of Girls Enjoy House-Party At Balboa

Almost a score of the city's most attractive young girls of the sub-deb set, spent a joyous week-end at Balboa where they were members of a house-party given by Miss Marcia Cass of South Pasadena and Miss Dolly Boyle of this city, and chaperoned by Mrs. A. B. Cass and Mr. and Mrs. Jack Cass of South Pasadena, and Mr. and Mrs. Lee Boyle of Santa Ana.

Surf boating, sailing, swimming and all the popular beach sports together with dancing and bridge, provided unceasing entertainment for the lively group, varied by charming out-door luncheons and teas at the Cass cottage, 1711 Bay Front avenue. The final feature was 5 o'clock tea enjoyed yesterday afternoon just before the party broke up.

Miss Mary Schaible of Long Beach, with the Misses Sue Tuft and Rosine Reiker of Pasadena, shared the hospitality of Miss Cass and Miss Boyle, together with the group of Santa Ana girls who included the Misses Mary Eudaly, Helen Stauffer, Louise Rurup, Barbara Rurup, Helen Bowers, Adaruth Ellis, Ethel Ellis, May Maag, Joy Best, Marian Cruickshank, Berenice Walker, Dorothea Bourne, Charlene Lowell, Elma McBride, Ruth Owens and Martha Wallingford.

Friends Leaving Soon Are Complimented at Family Dinner

One of the happy family gatherings for which the home of Mr. and Mrs. Cary Clem at 1068 West Third street, is noted, was staged there yesterday, when special compliment was paid two guests, B. Nevette, a close friend of Dr. Kenneth Clem of Los Angeles, and O. L. Engel, father of Mrs. Virgil C. Clem, soon returning to his home in Anderson, Ind.

Members of the family circle and their friends were bidden for a mid-day dinner, for which the hostess made her table extremely attractive with clusters of Canterbury bells in varying tones. Covers were laid for Mr. and Mrs. Cary Clem and their son Elmer of the home; Mr. and Mrs. Marcus Lassiter and baby son Marcus Grady Lassiter Jr., Mr. and Mrs. Charles C. Schultz of Torrance and their children, Phyllis Jean and Charles Jr., Mr. and Mrs. Virgil C. Clem and children, Drusilla May and Louise, Mrs. Clem's father, Mr. Engel, Dr. Kenneth Clem and five of his friends, Messrs. B. Nevette, Merroz, Truitt, Toops and McClements, of Los Angeles.

In the afternoon the party motored to Balboa Beach to "Jingle Inn," the Clem summer home, and enjoyed a swimming party before breakfasting up for the evening.

Mr. Engel has been the guest of his daughter and family for the past month. Mr. Nevette is leaving soon for a five months' visit with his parents in France.

southward and return to California by the southern part of the United States.

Mrs. Fred Rotzler and Mr. and Mrs. Albert McMurdo were the guests of Long Beach friends at the end of the week.

Curtis Van Syoc, a cousin of Mrs. J. S. Hill, 730 Minter street, who has been attending Santa Ana junior college for the past two years, left Saturday night by automobile, for his home in Winfield, Ia., where his parents, Mr. and Mrs. O. L. Van Syoc, reside. He was accompanied by three school friends and the young men planned to go by way of Denver. O. L. Engel, who has spent the past month in this city with his son-in-law and daughter, Mr. and Mrs. Virgil Clem, 1013 Cypress avenue, will leave Thursday for his home in Anderson, Ind.

Pretty Affair Planned As Courtesy to Bride-Elect

Canterbury bells, snapdragons, and all the colorful and lovely old-fashioned flowers now blooming so gaily in California gardens, added to the inviting appearance of the W. T. Kirven home on West Seventeenth street last Friday night, when the two pretty daughters of the home, the Misses Cynthia and Katherine Kirven, presented a bridge evening and shower as a compliment to Miss Henrietta Lyke. Miss Lyke is one of the summer's popular brides-elect, soon to wed Watson J. Moreland, and has been feted at many similar charming events.

Bridge tables were in readiness for the guests, and tally cards appropriate to the occasion were distributed. At the same time, each guest was presented with a corsage of snapdragons and sweet peas, while to the honoree was given a larger corsage in the same blossoms but all in bridal white. At the close of the games, pretty prizes were awarded Miss Mildred Vieira and Mrs. Louise McGill, scoring first and second high.

The guests were then asked to the sun room where Miss Lyke found herself fairly inundated by packages of every size and variety of wrapping. A joyous interval ensued while she unwrapped and examined the array of lovely linens selected by her friends as shower gifts.

Returning to the living room, the young people sought places again around the bridge tables which in the meantime had been spread with dainty linens and arranged with blossoms, candles and fluted rose nut cups for serving ices, angelfood cake, suited nuts and coffee.

Asked to share the hospitality of the Misses Kirven were their honor guest, Miss Lyke, Mrs. Mabel Wilkinson, Mrs. Dorothy Fink, Mrs. Robert Deininger of

Torrance; Mrs. Louise McGill Orange, Mrs. Robert Weeks, the Misses Dorothy Beckman, Dunn, Mildred Vieira, Mary W. Stella Graham, Blanche York Madelyn Coulson and Betty N. tin.

Will She Play Her Part?

"It is no longer the fashion to be fashionably late," says a prominent New York social leader. "The wives of successful men are beginning to realize the importance of starting dinner and theatre parties on time." Can you think of any gift for the young girl (or boy for that matter) that will prove of more value in the years ahead than a fine watch? A Hamilton Watch? Hamilton Watches are uncommon timekeepers. The smartest of new models are now in our store. Won't you come in and slip one on your wrist—or into your pocket? Hamiltons may be had from us for as little as \$48.

CHURCH WOMEN SOCIETY THE HOME WEDDINGS FASHIONS HOUSEHOLD

The WOMAN'S DAY ALLENE SUMNER

national anthem has never above criticism. Music students have been matched and rhythm, and there has been a considerable agitation for a long time for a national anthem that could really sing. But the George W. Hill of St. Episcopal church, Huntington, Conn., has a different reason for proposing its banishment. He has his congregation to eliminate the second verse at Memorial exercises. He objected to the words bursting in air as bad propaganda.

Obviously, if we want no more the way to begin is to oust the second verse at Memorial exercises. He objected to the words bursting in air as bad propaganda.

WOMEN PUFFERS Women are not allowed to puff on the billboards in Sioux Falls, N. D. The city council, in a solemn session, voted to oppose the erection of any billboards showing women puffing or looking as if they were about to. Other towns are getting agitated about the cigarette makers' propaganda to women.

TOO LATE It's a little late in the day, elegant people themselves neared the woman smoker. They millions of dollars by not exchanging her to smoke. It was the smoker who bombarded the net maker and demanded action by telling him how many cars she was spending for. The damage was done before the billboards went.

NO BEAUTY CONTESTS Beauty contests have been proved in Italy and prefects have ordered to especially watching beach resorts for any attempt to put on bathing beauty contests. The order says that contests "result in grave inconvenience to public morality," which one opines that if the morality is so fragile as to be something more serious is to bolster it up than the tion of beauty contests.

THEY'LL LET HER Mrs. Rose Simon, 17, has been two years, has a baby, care of an apartment, cooks five people, and attends school. It is just a mild sample of the modern young woman setting herself in for only to that the more she will, the she may. If Mrs. Simon a wage-earning job in addition she'd probably discover that she ever dared quit then be accused of being lazy.

RIGHT IDEA Few wage-earning wives are their families up in the they should go, and are not expected to get dinner and dishes, too, than are their hands. But not enough of are putting this idea over, many women have six iron fire, and find nobody the bit agitated about their keep-

FOR MOTHERS The 7-year-old Ruane Howe, Atlantic, Iowa, went out to pick for his mother on Mother's day.

He fell into a creek and was seldom that a child gives her life for a parent. Pardon it every day—not accident, either, but often deliberately, parental instinct is too fierce. It needs leavening with kindness. The offspring themselves would be better off.

All-at-Once is not the Safe Way to Soft-cook a Thousand EGGS

u boil only a few eggs at a time so you can take all instantly in the water when done. Like Hills Bros. roast their coffee pounds at a time by a continuous process. Every berry is roasted evenly and a matchless flavor is assured. No other coffee has a taste like Hills Bros. because it is roasted the same way.

ANN MEREDITH'S MIXING BOWL

Offering You a Most Delicious Dessert

In offering the two recipes given today I am introducing you to a most delicious dessert; the Lemon cake is of recent origin, but the recipe for the cake is of more recent origin. Honey is from the old cook book I give.

LEMON HONEY 6 eggs, slightly beaten 2 cups sugar 1/2 cup butter (1/4 pound) Grated rind of 1 lemon Juice of 8 large lemons or 5 small ones

Combine sugar, butter, lemon juice and grated rind and set over hot water until the sugar and butter are melted. Have the eggs beaten just enough to mix well but not foamy; stir them into the hot liquid and keep stirring until the eggs thicken the mixture. Store in glasses like any jelly and use for cake fillings, cold, or for puddings heated by heating and reducing to liquid form by adding hot water. This lemon jelly makes most delicious sandwich filling also.

TODAY'S RECIPE LEMON SPONGE CAKE 4 eggs—separate 1 cup fine sugar 5 1/2 tablespoons boiling water 1 teaspoon vanilla 1 1/2 cups flour 1 1/2 teaspoons baking powder 1/2 teaspoon salt

There are two ways in which this cake may be baked: in a dripping pan 8 by 12 inches large, with the cake split and filled with lemon jelly, or, in a form mold, using the inverted cake pan to form a deep depression in the cake, this depression to be partly filled with lemon jelly or fresh berries, the rest with whipped cream. For a quick, easy dessert the first way is my choice, and then I always serve the cake hot.

Separate the eggs, beat the whites stiff and dry. Stir the yolks to mix, gradually add the sugar and beat until the mixture is creamy. Add the hot water, just before the flour is mixed; measure the flour after sifting once, add baking powder and salt and sift twice again. Fold in the beaten egg whites thoroughly. Have the dripping pan lined with oiled paper (the form mold won't need it). Pre-heat the oven 15 minutes at 350 degrees F. and immediately reduce to 300 degrees F. when the cake is put in. Bake for 40 minutes. And don't slam the oven door!

Strip the paper away from the hot cakes, carefully split with a sharp knife and spread with lemon jelly, either hot or cold. Serve in generous squares before it has a chance to get cold.

Cake and filling have a calorie total of approximately 1800. The cake as described cuts into 12 good sized squares which makes the individual calories just a bare 150, and who cares if they are energy makers?

By the way, this cake keeps excellently if given a chance for its life.

Were your eyes bigger than your stomach when you filled up the fruit closet last year? We women are prone to run to such extravagance in the canning season, sort of pre-historic hang-over, suppose... and then we have too much jam, jelly and canned fruit fuse to touch as soon as fresh on our hands which the family requires are available. Send me a stamped, self-addressed envelope.

PALATABLE FOODS WIN APPETITE

Scientist Urges Healthful Use of Sugar

"An important thing to remember about eating is that we should enjoy our food," says one of the country's eminent food scientists. "Remember that sugar is one of the finest condimental foods in the world."

He goes on to explain that sugar is nature's incomparable flavor. It helps to relieve the monotony of our daily diets. It is an aid to nutrition and health because it adds to the enjoyment of eating, and for greater variety of other healthful foods, by improving their flavors.

"Sugar is wholesome," he said, "and it is inexpensive. Everyone can benefit from this flavor which adds so much pleasure to nearly all the other foods we eat."

The advice of this famous man can be carried out in planning almost all daily dishes. Fresh or cooked fruits are full of minerals, vitamins and other elements necessary in the diet. They are made more delightful to our taste by the addition of sugar.

The flavors of nearly all vegetables are very much improved by adding a pinch of sugar in cooking. Sugar in connection with chocolate or cocoa makes milk a delicious beverage. Most foods are made more delicious and nourishing with sugar.

The Sugar Institute.—Adv.

and I will send you the current leaflet, using up canned fruits and jams, in which you will find a number of ways to make the family eat the left-overs and like them.

Tomorrow we will again have a Chow Mein recipe; I hope the reader who asked for this recipe will not miss it.

ANN MEREDITH.

Yorba Linda

Flower Show

YORBA LINDA, June 17.—Miss Euna MacClatchie, newly elected president of the Yorba Linda Woman's club, entertained members of her executive board with a luncheon at her home recently.

Discussion of plans for a flower show to be presented jointly by the Woman's club and the chamber of commerce, October 11, marked the after-luncheon meeting, with the following committees being named to aid in the events: Miss Marsha Vernon, program; Mrs. F. B. Scott, floral; Mrs. Lawrence Baker, grounds; and Mrs. Willis Van Cleave, civics.

A waffle luncheon at noon, served by the economics committee, Mrs. J. A. Small, chairman; a candy booth, in charge of Mrs. H. F. Taylor, chairman of the literary committee and an avocado ice cream booth, in charge of Mrs. Emile Boege of the ways and means committee, will be other features of the day.

In the evening a card party will be held.

Mrs. S. W. Acker, retiring president, Miss Euna MacClatchie, Mrs. F. B. Scott and Mrs. J. A. Small were named as a committee to have the clubhouse painted during the summer.

Miss Marsha Vernon, chairman of the program committee, announced her assistants as follows: Mrs. A. W. Miller, Mrs. Frank Day, Mrs. H. P. Taylor.

LAGUNA BEACH

LAGUNA BEACH, June 17.—The guild of St. Mary's Episcopal church has started work on new choir vestments.

Catherine Lippincott, daughter of Mr. and Mrs. R. D. Lippincott, has left for a summer visit to eastern states, accompanying Mrs. Alvin Bevis and son and daughter, of San Bernardino. They will be at Urbana, Ill., at Boston, and at various places in the New England states. Miss Lippincott, who graduated from the grammar school this year, will return in the fall to enter high school in Tustin.

Mr. and Mrs. W. A. Burnell and daughter, Shirley, have left to go on the vaudeville stage. Mrs. Burnell and Shirley have been in this city for about a year, during which time the latter has attended high school at Tustin. While residents of this city they have assisted in various productions given by non-professional theatrical groups.

Mrs. Mabel Dabney Salter and daughter, Marjory, accompanied by Mrs. Arthur H. Merriam, of Pasadena, sister of Mrs. Salter, and the daughter of Mrs. Merriam, leave Tuesday for Montreal, where they will embark June 28 for England. They will tour England, Italy, France and Switzerland before returning to this country in August.

At the Theatres

WALKER

Grim jungle wildernesses, desperate adventure and battles with wild beasts, the exotic and bizarre surroundings of an Oriental Paradise—these are the background for "Where East is East," a sound synchronized film now playing at the Walker theater, one of the most remarkable adventure-mystery dramas in Lon Chaney's career.

Yorba Linda

Flower Show

YORBA LINDA, June 17.—Miss Euna MacClatchie, newly elected president of the Yorba Linda Woman's club, entertained members of her executive board with a luncheon at her home recently.

Discussion of plans for a flower show to be presented jointly by the Woman's club and the chamber of commerce, October 11, marked the after-luncheon meeting, with the following committees being named to aid in the events: Miss Marsha Vernon, program; Mrs. F. B. Scott, floral; Mrs. Lawrence Baker, grounds; and Mrs. Willis Van Cleave, civics.

A waffle luncheon at noon, served by the economics committee, Mrs. J. A. Small, chairman; a candy booth, in charge of Mrs. H. F. Taylor, chairman of the literary committee and an avocado ice cream booth, in charge of Mrs. Emile Boege of the ways and means committee, will be other features of the day.

In the evening a card party will be held.

Mrs. S. W. Acker, retiring president, Miss Euna MacClatchie, Mrs. F. B. Scott and Mrs. J. A. Small were named as a committee to have the clubhouse painted during the summer.

Miss Marsha Vernon, chairman of the program committee, announced her assistants as follows: Mrs. A. W. Miller, Mrs. Frank Day, Mrs. H. P. Taylor.

LAGUNA BEACH

LAGUNA BEACH, June 17.—The guild of St. Mary's Episcopal church has started work on new choir vestments.

Catherine Lippincott, daughter of Mr. and Mrs. R. D. Lippincott, has left for a summer visit to eastern states, accompanying Mrs. Alvin Bevis and son and daughter, of San Bernardino. They will be at Urbana, Ill., at Boston, and at various places in the New England states. Miss Lippincott, who graduated from the grammar school this year, will return in the fall to enter high school in Tustin.

Mr. and Mrs. W. A. Burnell and daughter, Shirley, have left to go on the vaudeville stage. Mrs. Burnell and Shirley have been in this city for about a year, during which time the latter has attended high school at Tustin. While residents of this city they have assisted in various productions given by non-professional theatrical groups.

Mrs. Mabel Dabney Salter and daughter, Marjory, accompanied by Mrs. Arthur H. Merriam, of Pasadena, sister of Mrs. Salter, and the daughter of Mrs. Merriam, leave Tuesday for Montreal, where they will embark June 28 for England. They will tour England, Italy, France and Switzerland before returning to this country in August.

Mrs. Mabel Dabney Salter and daughter, Marjory, accompanied by Mrs. Arthur H. Merriam, of Pasadena, sister of Mrs. Salter, and the daughter of Mrs. Merriam, leave Tuesday for Montreal, where they will embark June 28 for England. They will tour England, Italy, France and Switzerland before returning to this country in August.

acting performances that stand out for a long time after one has seen the picture. Lewis Stone is excellent in his part and Nils Asther has the best screen role that has been given him since he came to Hollywood a couple of years ago, from Miss Garbo's native Stockholm.

BROADWAY

A reproduction of the Battle of Trafalgar is to be seen and heard in "The Divine Lady," Corinne Griffith's first Vitaphone picture which yesterday opened a four-day engagement at the Broadway theater.

Yorba Linda

Flower Show

YORBA LINDA, June 17.—Miss Euna MacClatchie, newly elected president of the Yorba Linda Woman's club, entertained members of her executive board with a luncheon at her home recently.

Discussion of plans for a flower show to be presented jointly by the Woman's club and the chamber of commerce, October 11, marked the

THE TINYMITES

STORY BY HAL COCHRAN—PICTURES BY KNICK
REG. U. S. PAT. OFF.

The Tinymites dipped the water fast. They knew, of course, that it would last, 'cause there was such a stream full that it spread for miles around. The flames that they were trying to stop began to die, with every drop. It wasn't long until the bunch had drenched a lot of ground.

"I think," said Scouty, "we have won. This throwing water isn't fun, but look, the flames are growing dim. The forest fire is stopped. I'm glad we thought to try our luck at soaking it. We all had pluck enough to stick right to it." Then their tiring work was dropped.

"Oh, my," wailed Clowny, "Look at me. I'm just as fagged as I can be. I've never worked as hard as that, and I have had enough." The other Tinymites turned around, and laughed as he flopped on the ground. "Twas really very funny just to watch him pant and puff."

"Oh, gee," said one. "You make me sick. That wasn't such an awful trick. We all turned in and did our share. Why do you kick so much? Hard work is really fine for one, though you may ache when it is done. You don't hear me complaining though my bones hurt to the touch."

Just then the Tinymites heard a shout. "Hey, Tinymites! Come help me out!" It was the funny scarecrow. In the water right nearby. One look made all the Tinymites roar. Then Scouty said, "Oh, walk ashore. As soon as you have joined us we will try and get you dry."

The scarecrow did as he was told, and then he said, "I'm wet and cold." "Don't worry," answered Coppy. Then he took off on the run. He brought a post back very quick. The bunch then did a clever trick. They hung old Mr. Scarecrow up to dry beneath the sun.

(The scarecrow has a scare in the next story.)

ORANGE

ORANGE, June 17.—Mr. and Mrs. C. H. Blanchard have returned from their ranch at Redlands.

Mrs. Alice Binkley and daughter, Mildred, spent Sunday with friends in Alhambra.

Mr. and Mrs. A. C. Middlebrook, who returned recently from an eastern trip, have rented a house at 151 South Harvard street.

Miss Myrtle McVean, teacher in the Orange Grammar schools, announced her engagement to L. C. Howe of Anaheim at an evening party in the home of the latter's sister, Mrs. Emma Watson, 612 Vine street, Anaheim. Mrs. Thelma Howe Ward assisted the hostess.

The evening was spent in making tea-towels for the future bride and refreshments were served. Those present were Mesdames Minnie Squires and Anna Roger of Santa Ana; Mrs. Eunice Manuel, Ethel Collins, Jeanette Shearer, of Fullerton; Ethel Howe, of Brea; Myrtle Whitacre, Blanche Morley, Beulah Sloan, Edith Knight, May Mahan, Agnes Saviers and Sarah Howe, Anaheim, the honor guest and the hostess.

METEORITE BURSTS OVER TOWN

Bursting about 100 feet above the ground, a meteorite recently caused a near-panic at Turnstall, England. With a report like that of a large bomb, it broke into small fragments of hard stone and fine white powder, which covered the roofs of houses like snow.

"Humanity can adjust itself to almost any circumstances."

—Thomas Edison.

ANOTHER AMERICAN SCORES

The new reparation agreement, like the one it superseded, will also bear the name of an American. The Dawes plan now becomes the Owen D. Young plan. It was the tact and the wisdom of the American that put over the new agreement. It is another evidence that the financial leadership of the world has been transferred from Europe to America. The late Lord Revelstoke, who died during the reparations conference, made a great contribution, but even had he lived, it is doubtful if he could have put it over as did our American representative whose name now gives title to the new plan.

In the midst of our relief over this settlement, let us observe a group of statistics recently promulgated in Germany, not for propaganda purposes but for the use of the German government in drawing up its budget. They temper Germany's reaction to the agreement. Expressed in marks and compared with the pre-war period these statistics show that the total wealth of Germany has been reduced from 157.1 billions to 97.8 billions, while at the same time the purchasing power of the mark has been decreased 30 per cent. The number of millionaires, also based upon marks has decreased from 15,547 to 2,335. Before the war there were 229 Germans each of whose taxable wealth was above ten million marks; there are now but 33, while there are only 140 whose wealth ranges between 5 and 10 million marks, and of these more than one-half are landowners now operating without profit, and often at a deficit; and finally only 465 persons in Germany are listed whose wealth ranges between 2 1/2 and 5 million marks. The average wealth throughout the empire for each individual industry is 14,906 marks, less than one-half of that preceding the war.

Professor Karl F. Geiser, of Oberlin College, who is spending his sabbatical year in Germany writes:

"In so far . . . as German tribute is to continue to flow from the results of her industries, her problem is obvious: she must, with the economic world against her, in her reduced condition, first of all, speed up her production to the point of creating an adequate surplus, and then she must sell it over the high-tariff barriers that the world . . . has raised against her. . . . I am not losing sight of the fact that through more favorable conditions, new methods and improved machinery, an increase in production is conceivable with a decrease in capital; but Germany is asked to produce under less favorable conditions, under the old methods, without capital to buy new machinery."

While we have just reason to be proud of the part our representative played in the reparations agreement, the whole plan will succeed or fail as the United States co-operates or fails to co-operate. Germany's payments cease or will be lowered if the United States modifies its demands upon her European debtors during the coming years. That modification will be governed largely by the effect of the new plan upon the commercial integrity of Germany in particular and all Europe in general during the coming years. Germany at last knows the definite amount that is to be required of her and the rate at which the payments are to be made. This is something. Unless foreign markets are to be closed to her by high tariff restrictions, she will be able to meet the requirements. But if the present tendency to tariff restrictions grows, the probabilities are great that the present plan of the experts will have to be revised again. Only the co-operation of the nations can get the world out of the muddle into which it was plunged by the World war.

Points at which C. C. Pyle's racing robots stop for the night are called "control stations." However, there seems no way to bring those fellows under control.

IS EDUCATION TAKING?

According to Robert M. Hutchins, the new president of Chicago University, the purpose of a college education is to "unsettle the minds of young men, to widen their horizon, to inflame their intellects. Education is not to teach men facts, theories, or laws. It is not to reform them, amuse them, or to make them expert technicians in any field. It is to teach them to think, to think straight, if possible; but to think always for themselves."

If this be the high purpose of education we wonder if the modern college education is taking. Dr. Manly H. Harper of the Teachers' College of New York has surveyed the opinions of 3000 educators and finds that "educators of the highest levels of education remain on a plane of extreme average conservatism" as to progress and liberalism. He finds that 77 per cent of those answering expressed the opinion that one should never allow his own experience and reason to lead him in ways that he knows are contrary to the teaching of the Bible. More than half would have laws to forbid radical criticism of the injustice of our country and our government. The American educator he asserts, is lacking in stability and independence, yields readily to suggestion, is inconsistent, and follows habit-worn and comfortable lines of tradition and authority. The overwhelming majority of the country's educators, according to this survey, range from extremely conservative to conservative. Women, he finds, are somewhat less conservative than men. If all this be true, the purpose of education as announced by the youthful president of Chicago University is yet a remote ideal. Where shall we look for progress, if not to our educators? Is there any other alternative but the soap box orator?

THE PULLMAN MORE POPULAR THAN THE DAY COACH

It will come with some surprise to many people that there are more people patronizing the Pullman cars than the day coaches. According to the Railway Age a little over 50 per cent of the traveling public has traveled on the Pullmans and less than 50 per cent on day coaches. The surcharge on Pullmans, for the first quarter of the year, which goes to the railroads, amounted to \$109,000,000, while the receipts from day coach passengers amounted to \$106,000,000.

These figures illustrate the change which has taken place in the character of railroad passenger service. The bus and the automobile have been carrying the short distance traveler, while the railroad has been carrying the long distance traveler. In spite of the efforts of the railroads to increase day coach travel by offering attractive excursions, the decline in day coach travel is still going on. The fact is, one can take a long trip on a day coach with very much more room than on a Pullman chair car or sleeper. On through trains it is very unusual if a passenger may not turn over a seat and have four seats to himself, with ample space to spread out his baggage and his newspaper and to stretch out his feet.

Yet the railroads seem to be making generous profits and in spite of the surcharge on Pullmans, which amounts to one-third of the total charge, the people seem to have no hesitation in paying the extra amount. At first there was considerable complaint about it, but now it has come to be an accepted situation. The railroad may be a continuing utility, but we venture to predict that the era of railroad building is in the past. The improvement of highways, the efficiency of the motor car in covering long distances when the element of time is eliminated, are destined to cut into the railroad traffic more and more as the years go by. What the airplane will do for long distance travel is yet problematic, but as rates for flying trips decrease or prosperity increases the railroads may find even long distance travel diminishing. In which case there will be little left for the railroads but freight.

New President State University

Riverside Daily Press

The election of Dr. Robert G. Sproul, present vice president and controller of the University of California and secretary of the board of regents, as president of the university to succeed President W. W. Campbell was both a logical and wise selection and will be very popular with students, alumni and educational leaders in the state generally.

The writer has had a great deal to do with Dr. Sproul for the last seventeen years as a member of the state board of education and has been deeply impressed by his ability, courtesy, fairness, and sound educational ideals. He should furnish for the state university a fine type of leadership and as the years of his service there pass, he should become one of the outstanding figures in the life of the state and one of the recognized leaders in the field of public education.

Dr. Sproul has represented the university at the sessions of the legislature for a number of years; and he won the respect and esteem of the members by his tactful and efficient presentation of bills in which the university was interested.

On several occasions questions have arisen between the university and the public school interests of the state; and no one has been more genuinely helpful in adjusting those issues than has Dr. Sproul. He has been loyal to the university and yet fair and sympathetic towards the junior colleges and the public school system in general. Under his administration a unified program of public education in the state will be greatly promoted.

Dr. Sproul's selection will be popular with the other colleges and universities of the state because of his well known record of fairness and consideration to the other institutions of higher education in the state. It will be recalled that a few years ago the three big universities of the state—California, Stanford and University of Southern California—developed an impasse on the question of athletic relations. The trouble was largely due to foolish talk by some of the California alumni (one Southern California man in particular who need not be named). Dr. Sproul regretted the unfortunate situation deeply and he recognized fully the importance of friendly relations among the three great western institutions. He was helpful in working out a solution for the problem and is entitled to a good deal of credit for the cordial relations that now obtain among members of this group.

State Provides Survey on Dams

San Bernardino Sun

Every big disaster brings something definite in the way of action to prevent a repetition, and Governor Young has now signed the measure insuring more competent inspection of dams to be built in the future and providing for the examination of all existing dams. The legislation is the result of the St. Francis dam collapse.

The state will expend \$200,000 in the inspection of existing dams. Should the structures be found to be faulty the legislation empowers the state engineer to require such changes as, in his opinion, will assure their safety.

The cost of the inspection of the future will be defrayed from fees on the new structures.

About three years will be required for the state engineering department to make a study of the existing dams. There are estimated to be more than 500 dams that will come within the scope of the survey.

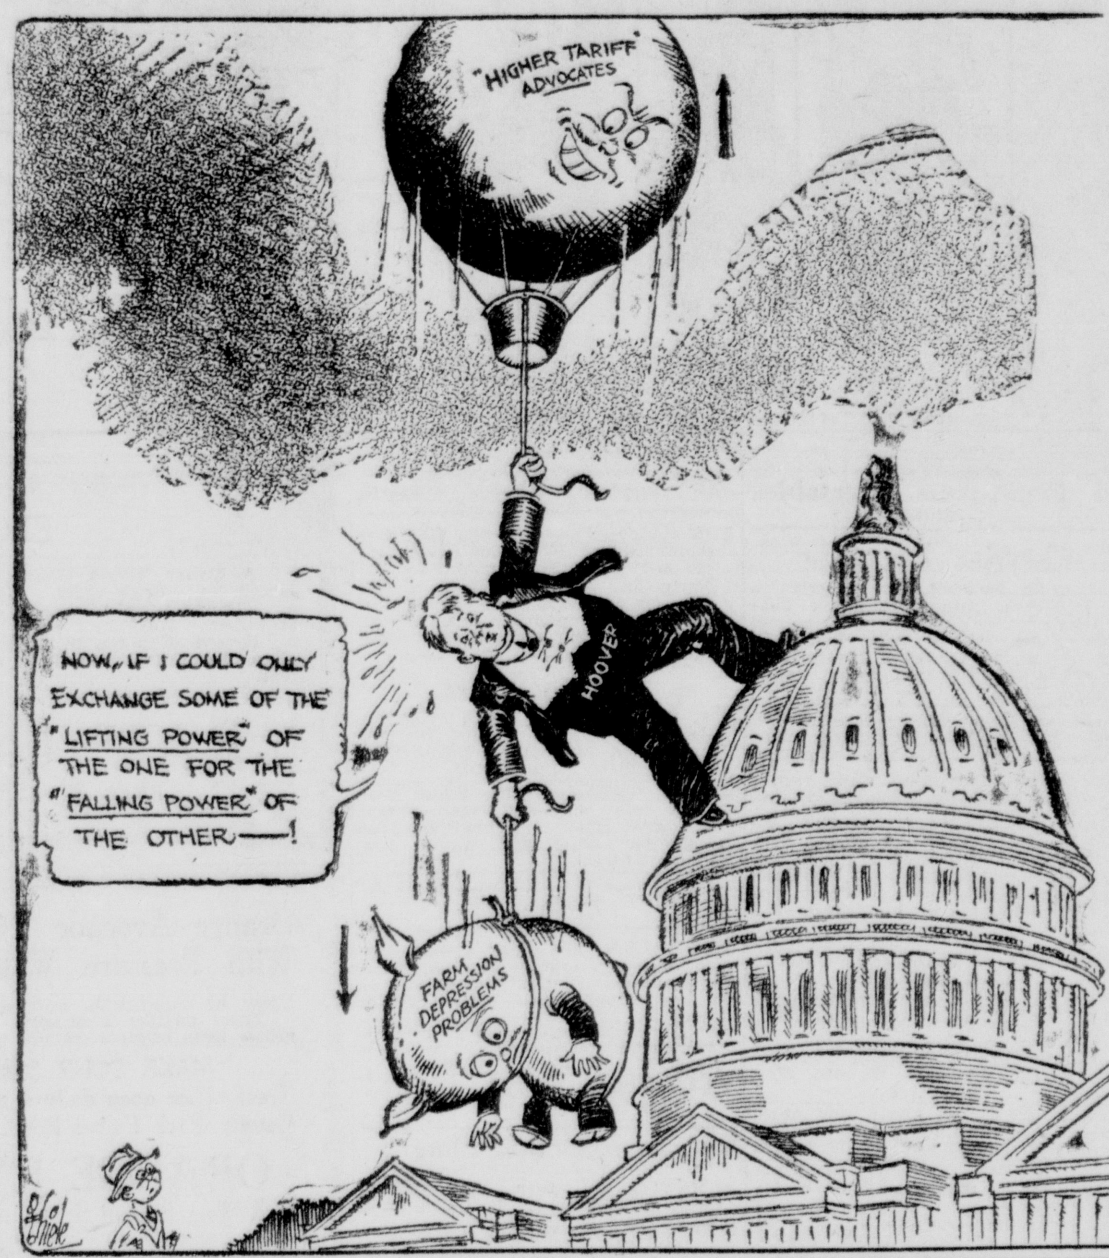

Two of the dams that will thus be inspected by the state are in San Bernardino county, one at Big Bear lake and the other at Lake Arrowhead. Both of these dams have been examined by private engineers since the St. Francis dam disaster and were found to be safe.

The state legislation is important to this region for the reason the future will probably see additional dams in the San Bernardino mountains. It is certain that the day will come, perhaps within 20 years, when every drop of water in the Santa Ana watershed must be conserved for a useful purpose. There are these dam sites in the San Bernardino mountains, one at the forks at San Bernardino creek and the Santa Ana river; another at Filicea flats, higher up in the Santa Ana; and the third at Turkeys basin, in Lytle creek.

Because of the steep grade the collapse of a dam in the San Bernardino mountains would send a great body of water rushing into the valley at a tremendous speed.

It is therefore interesting that if any dam is built it would be under the strict supervision of the state.

Yes, the Presidency Has Its Ups and Downs!

More Truth Than Poetry

By James J. Montague

BLUFF

It has now been found that the supposedly busy bee is not only lazy but stupid.

How doth the so-called busy bee
Achieve a reputation
For unremitting industry
By sheer procrastination?
Why is he praised to growing youth
By parent and by teacher
Although he was, in simple truth,
A dull and idle creature?

We know now that he wastes his hours
Asleep on rose or daisy
And other honey laden flowers
Because he's simply lazy.
We know he's usually at rest
The while he should be working
And that he really has no zeal
For anything but shirking.

The little labor that he does,
Which scarce is worth the mention,
Is done with a prodigious buzz
Which draws the world's attention.
We take his industry on trust
And never pause to doubt it,
We think he's energetic, just
Because he brags about it.

And after all, we should not blame
The little loafer, seeing
That he has gained his bogus fame
Like many a human being.
Each day proclaim how hard you ply
Your strenuous vocation
And men will take you, by and by,
At your own estimation.

Why Do Men Refuse to Run Plants at Capacity?

By WILLIAM TRUFANT FOSTER and WADDILL CATCHINGS

We often hear of the refusal of employers to utilize the full productive power of capital and labor. The "sabotage" of employers, it is called.

It is true that some producers restrict output for the purpose of maintaining prices. They would rather do that than produce more goods and sell them at lower prices. But this happens, usually, only under monopoly.

Under competition, it is against the interests of any one producer to restrict his output, in order to maintain prices. That chiefly benefits his competitors.

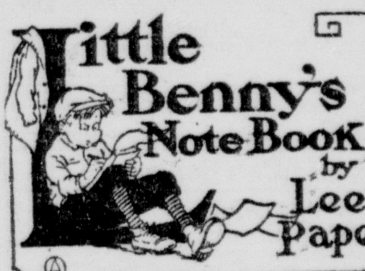

Still, some of the employers who shut down their factories, and throw men out of work, ought to be condemned. In some cases better management would keep the factories going full time.

Often, however, employers have no option. It takes money to buy materials and pay wages; and the money must come from somewhere.

Employers cannot control the demand for their products. Cloth makers cannot force women to wear long skirts. Manufacturers would be ruined if, regardless of market conditions, they continued to run their plants at capacity.

"Refusal" is not the word.

(Copyright, 1929, McClure Newspaper Syndicate)

This afternoon I was sitting on Mary Watkins' front steps talking to her about different subjects such as the best flavor of ice cream and how hard it is to mind your mother sometimes when she wants you to do all the listening, and after a while I put my nose up in the air and smelt out loud, saying, G, that smells grate, O boy.

Meaning a smell like pies coming out of her house, and she sed, O, that don't bother me, I'm a very little eater, I don't hardly eat anything even at meals, my mother says I eat like a bird, some people are all a time eating but I wouldn't care if I never ate, I never think of food, I'd rather read or think of flowers.

Me too, I mean I aint all a time eating, I sed, Why G, sometimes if I wasnt called in for supper I'd stay rite out in the pure air, I sed.

Wich just then her dinner bell rang and she asked as if it didnt make any impression on her, and her mother called her kind of mad and she went in saying, O deer what a bother. And I went home and when Nora rang the bell for supper I said to ma, Im not very hungry, Id just as soon wait for breakfast.

You march yourself down in that dining room, what new idee is this of all things? ma sed. And we started to eat supper, being hamburger stakes one of my favorite things on account of their shape combined with their taist, and ma put 3 on pops plate and started to put some on mine, me saying, Just one, ma, I may only eat half of that, even.

Russels of Spring, we've got a poet in the family, pop sed, and ma sed, Im not going to coax him to eat, I can assure him. And she only put one hamburger stake on my plate, and it was the best hamburger stake I ever ate, and I thart, Well, I aint going to eat any more unless Im forced to anyway.

And after a while ma sed, Did I understand you to say you dont care for any more, Benny? Me thinking, G, she's forcing me. And I sed, O well, all rite, I don't care. And I quick passed my plate agen, the result being that before supper was over I ate 5 and would of ate 6 to make it a even number any nobody forced me.

Valencia oranges shipped by the Villa Park Orchards association through the Orange county fruit exchange set new records for sales in carload lots for this season in the New York market.

Manager Schlesinger of the Temple theater extended a public invitation to all the children of Santa Ana to get free passes to the Saturday and Sunday matinees.

A. J. McCulliston, a rancher west of the river, was fined \$50 by Justice J. B. Cox after a hearing upon a charge of cruelty to animals.

Thoughts On Modern Life

By Glenn Frank

PORTRAIT OF A LIBERAL

Despite many elings to the contrary, the future probably belongs to the men of liberal intelligence. It is believed by many that the World War witnessed the death of liberalism alike in Europe and in America.

I suspect that much of the "liberalism" destroyed by the war was a pseudo-liberalism.

Liberalism has been a very loosely-used term, a robe that has covered much that is alien to the spirit of authentic liberalism.

There are two kinds of men who, it seems to me, have no place in the brotherhood of the liberally intelligent.

First, the "dreamy" liberals.

There are men whose "liberalism" consists solely of a kind of vague good intention. These crowd the ranks of the forward-looking and the uplifters. Their purposes are good even if their programs are often intangible and impractical.

Second, the "dogmatic" liberals.

There are men whose "liberalism" consists solely of a fixed political, social or economic thesis. There is a fighting faith, and they join their rank only by "yes" to their catechism. Their conclusions of intelligence.

Second, he believes that society should be directed by conclusions of intelligence.

Second, he believes that out freedom of thought and expression, intelligence will become the controlling force in life and society.

Third, he believes that thought must be kept exact, free from the blight of dogmatism.

These three beliefs alone save men from the twin of ineffective dreaminess and erant dogmatism, the two enemies of liberal intelligence.

OUR CHILDREN

By ANGELO PATRI

GENIUS

A certain number of dull minded children are born annually. The statisticians put it at about two per cent. Often this dullness does not show until the child goes to school and is asked to maintain the pace and cover the same course of study as a bright minded child.

Of course that is impossible. The reports go home. The tests are given. The child is pronounced dull minded. What then?

Sometimes a teacher or a child expert of one sort or another tells the distressed parents not to worry. He may be a genius. Look at Edison. He was not such a bright boy either. And Dickens. And Darwin. Hosts of bright people failed in the schools.

That is quite true. Hosts of bright people failed in some phases of school work but it is infinitely truer that they succeeded beyond all other pupils or students in other phases. It is very likely that their great powers so overshadowed their lesser ones that they appeared at disadvantage.

A very casual examination by a good psychologist would tell very definitely if a child were very bright or very dull. There need be no question about it. No one need be deceived as to the genius of a child who is dull. There is no such thing as a dull genius. The famous men who are described as dull schoolboys were undoubtedly a trial to the teachers of the old style school—and would be so today for schools have not changed radically since Edison went to classes—but the dullness would not

When you find that a child not accept school routine, work, school education, children do, be suspicious of that child tested by the sensible specialist and try to find his findings for the good child.

It is very hard to accept fact that a child is not as his mates but it is of case when the report can indicate deficiency again and if a child can do he will be kept in unusual circumstances these can always be prompt justified. But please, there such thing as a dull genius (Copyright, 1929, The Bell Syndicate)

BATTLE OF BUNKER HILL

On July 17, 1775, the first severe battle of the American Revolution was fought on Breed's Hill and Bunker Hill, Charlestown, Mass., between about 3000 British troops under General Howe and about 1500 Americans under Colonel William Prescott.

The night of the 16th Prescott was sent to fortify Bunker Hill, the possession of which would compel evacuation of Boston by the British; but he threw up an earthenwork on Breed's Hill instead, and there awaited the British attack.

At 3 p. m., June 17, the British charged up the hill, but were driven back with great loss. A second charge also was repulsed. When the British advanced again at 4:30, however, the American's powder was spent and Prescott's men were dislodged and forced from the field.

The British losses in killed, missing and wounded were 1054, including 95 officers. The American toll was 450, General Warren was among those killed on the American side.

Set on fire by British shells during the engagement, Charlestown was burned to the ground, spite the fact that Howe, a strategic point which he him to retain his hold on the battle was considered a victory for the American that it demonstrated their incapacity and greatly in the spirit of resistance to out the country.
